SUPERFECTION *Everbearing* STRAWBERRIES

THE SENSATIONAL NEW EVERBEARER!

Exceptionally Large, Deliciously Sweet

Red Berries 90 Days After Planting

Originated by Mr. Keplinger of north-
ern Michigan, discoverer of the famous
Gem-ebearer. Berries are round; of
firm texture; dark red color all thru.
Ship long distances without losing color
or firmness. Ripe berries by the middle
of July, plus two crops next year. Bears
an abundance of large berries continu-
ously from spring, thru summer until
snow flies! See page 5 for further de-
scription and other prices.

25 for \$2.35

50 for \$4.00; 100 for \$6.50

The FICKERMAN Nurseries
BRIDGMAN, MICHIGAN
A COMPLETE LINE OF NURSERY STOCK
DIRECT TO GROWER

Big Gift Planting!

New Early Improved CUMBERLAND

being a more thrifty grower, and also ripens 10 days to 2 weeks earlier than Cumberland.

Berries are large, jet black in color, very firm and have a delicious sweet flavor. Strong thrifty grower, and very resistant to disease. The berries retain their large size throughout the picking season—the last picking as good as the first.

The fine characteristic of this new berry plus all the good qualities of the Cumberland, combined with its early ripening season, make this the best early berry. Plant both the old and New Improved Cumberland and lengthen the picking season 2 weeks.

We are using this new blackcap as a premium so our customers can see what a wonderful berry this is. NOTE OFFER BELOW.

PRICE: 5 for \$1.25; 10 for \$2.00; 25 for \$4.50; 50 for \$8.00; 100 for \$14.00.

This New Variety Was Offered For The First Time 6 Years Ago. Ripens 2 weeks earlier than the "Old Favorite Cumberland." Everybody has been looking for a blackcap that is better than the Cumberland. We have now found one that has all the good points of the Cumberland plus

BIG GIFT PLANTING—Free With Early Cash Orders

To every customer who sends us an order before April 1st, 1949 accompanied by cash in full at regular catalog rate (this doesn't apply on bargains or special quotations), and who in addition sends us the names and addresses of three fruit growers, or purchasers of nursery stock, we will send absolutely free the following number of New Improved Cumberland raspberry plants.

5 Improved Cumberland (priced at \$1.25) free with cash orders between \$3.00 and \$5.00
10 Improved Cumberland (priced at \$2.00) free with cash orders for \$5.00 or more.

We can handle and ship a \$5.00 or \$10.00 order with very little extra expense over a smaller order and we pass the saving on to you in this premium value. Let your neighbor help. Two persons may combine orders and divide the premium if shipped to one person.

Be sure to send the three names and addresses with your order. (Use space provided on back of order sheet.) The gift positively will not be sent unless customer complies with this condition. This offer open until April 1st, 1949 only. Our supply of the New Improved Cumberland is too limited to make this offer effective after April 1st. On all cash orders received after April 1st, when accompanied by three names referred to, we will include the New Improved Cumberland if still available; but if not, we will include additional nursery stock of our own selection as to variety and value.

No special bargain collections are included in this free plant offer. Nor cash orders where a special reduced price has been quoted.

We Aim to Tell You the Truth—We Are Farmers, Too, and Don't Try to Sell You Any Varieties We Ourselves Would Not Plant

No Cash Payment Before Shipment

You examine stock before you pay. This offer applies only on orders amounting to \$3.00 or more, for shipments on or before April 25th, 1949.

We are one of the first nurseries in this section of the country to adopt this unique selling plan, whereby it is possible for customers to order without senders to order without senders at full prices listed in catalog, and instruct us to ship C.O.D., express or parcel post, subject to your examination by express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours—still covered by our guarantee. What could be more fair? We simply must furnish good nursery stock or we couldn't possibly afford to make this offer.

We would advise all small shipments sent by mail, and will send your order by parcel post C.O.D. for purchase price, plus postage, if you prefer. All such shipments are fully covered by our guarantee.

NOTICE: The above offer does not apply on orders amounting to less than \$3.00; on Special Bargain Collections; Special Quoted Prices; nor on any orders specifying shipments later than April 25th, 1949. Cash in full must accompany orders under \$3.00, or those calling for shipment later than April 25th; but on such orders customers will be entitled to our cash discounts from regular catalog rates, as explained at the right.

WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25th, 1949.

We reserve the right to cancel all printed prices without notice.

Order Early and Make a Big Saving

10% DISCOUNT ON ALL CASH ORDERS

(Except on Bargain Offers and Special Quotations) Received before February 1st, 1949.

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on Bargain Offers and special quotations).

Pay Cash and Save Additional Cost on C.O.D. Shipments

Some concerns add 5 per cent to their list price, in addition to the required C.O.D. fees, if order is for C.O.D. shipment. Knowing our stock will be satisfactory, we will ship C.O.D., if your prefer, at our regular printed price, although we want to remind you of the collection and money order fees on C.O.D. shipments. These charges, over which we have no control, or do not receive one cent of the fees, amount to approximately 5 per cent on average orders. You can save this 5 per cent by sending cash with order. You take no chances—all shipments are backed by our guarantee.

Ackerman Nursery Stock Satisfies

The ACKERMAN NURSERIES

We Grow because we give you Big Values

100,000 Satisfied Customers—In Every State in the Union Plant Our Hardy Stock—the Reasons are Simple

So many customers cannot be wrong—they buy from us year, after year, for they know our stock can be depended upon. Here are some of the reasons.
We sell only the best hardy Northern grown stock at lowest possible prices.
We promise a fair and square deal to everyone—and make good our promise.
We ship stock subject to examination before payment.

WHY Can We Sell Such Fine Stock at Such Reasonable Prices?

BECAUSE—

We sell direct from our catalog only—you have no agents' commission to pay.
We are not jobbers—we grow a tremendous amount of stock, which is handled only once—direct from the nursery to you.

We purchase no large advertising space—we depend largely upon our friends and customers to advertise our stock.

You will find that this is a book which is made especially for farmers, home owners, fruit growers and gardeners; giving them a chance to buy direct from a nursery at wholesale prices.

We wish to make clear that all stock in these bargains is the same high quality stock offered at regular catalog prices. By placing your order with us, you will be sure of receiving plants, trees, etc. that are first class and up to grade in every respect.

We have been growers for over fifty years, and have farms with the best of soil, tractors, trucks, packing houses, and everything necessary to grow and pack nursery stock, making the handling charge much cheaper; all of these savings are passed on to our customers—we work on a very small margin of profit.

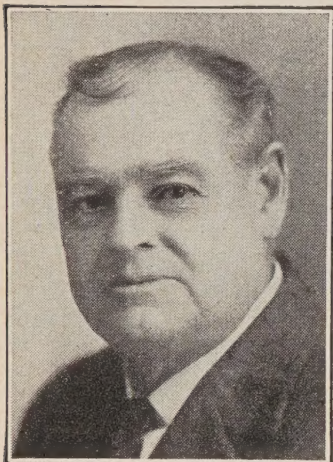

We also wish to sincerely thank all of our old customers for their continued patronage. As the bulk of our new business comes from unsolicited patrons recommended by our satisfied customers, this shows confidence in The Ackerman Nurseries, on which we base our hope of future business.

NOTE: New discounts on early orders. Also additional premiums. See page 2 for Free Premium.

F. L. ACKERMAN
Founder

3 Generations and 58 Years EXPERIENCE IS YOUR ASSURANCE OF TOP QUALITY AT FAIR PRICES

EACH year, for 58 years, we have been serving the small home owner as well as the commercial grower, supplying them with reliable plant material direct from the grower. With the mailing of this catalog, it is again an opportunity to express my appreciation for the many considerations that we have known from the fine trade family we serve and to again assure you the same old-fashioned farmer-to-farmer square deal policies we have offered in the past. We are deeply gratified in the result of this long standing policy.

We own and operate our own farms in the Heart of Michigan's Fruit belt—our Nursery Stock is produced under the most efficient methods—we have the best equipment obtainable, keep up the fertility of our soil at all times so as to insure the most vigorous plants and trees it is possible to grow. We have again experienced a serious drought this past summer, but as we are equipped with the finest irrigation system, will be in a position to supply some of the finest nursery stock our long experience has helped us to develop. To grow and market a tree or plant free from various diseases calls for training and experience comparable to that necessary in any profession—our personnel is trained to meet these new methods and changed conditions. We have worked diligently with our State Agriculture Department to perfect a program which has now insured virus-free fruit trees, as well as disease-resistant small fruit plants. Remember, your success depends on the quality of Nursery Stock you start with—Ackerman's products are a safe investment. You get stock grown by experienced propagators—specialists in this field. Starting with the selection of the soil on which the particular item is planted and continuing through to the final packing out of the finished product, every operation has special care and attention. With Ackerman's wealth of propagating experience you take no chances in ordering, for the quality of nursery stock furnished is the highest quality it is possible to produce. Plant Ackerman's high-grade nursery stock in 1949 and you will have a good start towards big profits in 1950.

We have spared neither effort nor expense in producing plant material of the highest quality. It is true that our production and packing costs have risen along with everything else these days, but by increased production and newer methods of growing, we have managed to keep our prices in line with all reliable Nurseries. In these pages you will find a list of new and higher quality fruits and ornamentals with which your gardening will not only be successful, but a source of pleasure.

PLACE YOUR ORDER EARLY! We are offering special discounts for all cash orders placed early in the season, for we can take care of this work much easier before our shipping season opens up. Our shipping season usually starts the last week in February and continues through March, April, May, and June. However, dormant trees and shrubs can be shipped to the Southern States earlier. If a specified date is given as to time of shipment, we will try and ship as near that time as possible; if not, will ship at proper planting time for your locality. We feel sure your cooperation in placing your order early, so it may be booked before our rush season is on, will enable us to accommodate all of our customers in a very satisfactory manner.

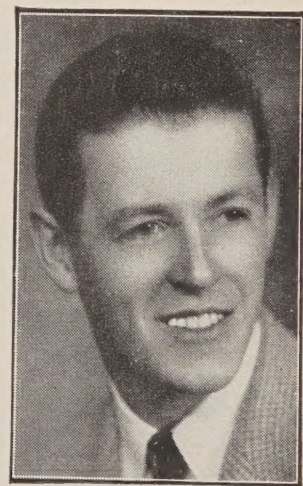

KEEP ALL PAPERS. All papers pertaining to your order will be returned to you when order is acknowledged. DO NOT DESTROY THEM. If necessary to write us at any time, be sure and return everything sent you, except planting instructions, including correspondence, original order and tags.

To our new friends who are receiving our catalog for the first time, we want to assure you that your order will be filled with high quality stock and will make you glad you tried ACKERMANS.

OUR GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition.

Furthermore, we will, at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition, providing claim is made within 10 days after arrival. After 10 days it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure to get signed statement from your express agent or postmaster showing extent of damage, and send this along with your claim. Do not return plants unless so instructed by us.

Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence is not guaranteed.

It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

Certificate of Nursery Inspection
No. 920

This is to certify that the Nursery Stock of The Ackerman Nurseries, Bridgman, has been examined and found to apparently be free from dangerous insects and dangerously contagious tree and plant disease.

CHAS. FIGY, COMMISSIONER.

This certificate to be void after September 15, 1949. C. A. Boyer, Director, Bureau of Orchard and Nursery Inspection, Lansing, Mich., Aug. 29, 1948.

New Streamliner

EVER BEARING STRAWBERRY

An Everbearer that has everything! Enormous size, beautiful coloring, good flavor, excellent shipping qualities and a good producer. It is of exceptionally large size. Berries are almost round, glistening scarlet color and are sweet as honey—full strawberry flavor. No green tips, for it ripens into a beautiful, rich-red all at one time. Its firm qualities make this an excellent shipper. A wonderful variety for freezing.

Two crops in one year—ripens 60 to 90 days after planting, fruiting continuously until snow flies, and another fine crop the following June.

This variety is also an excellent plant maker, producing very sturdy plants with luxurious green foliage; plants are healthy and produce an abundance of runners.

PRICE: 25 for \$1.75; 50 for \$3.00; 100 for \$5.00; 250 for \$10.00; 500 for \$19.00; 1,000 for \$37.50; 2,000 for \$65.00.

NOTICE

Strawberry Plants Will Be Shipped

As weather conditions govern the digging of all Strawberry plants, these will be shipped separate in most cases. Therefore, do not become alarmed if the balance of your order does not accompany—this will be shipped later, or vice versa.

Streamliner

GEM EVER BEARING STRAWBERRIES

Two Crops Each Year

The Berry That Really Produces. Plant this spring—pick all summer—you'll get back the price paid for the plants, and **most important, a big profit besides.** You'll harvest another fine crop the following June—two crops in one year. Will produce approximately 100 crates per acre.

Unlike most everbearers, this variety is an excellent plant maker. The plants are very healthy and vigorous, producing an abundance of runners which bear fruit the first season. The berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit markets. Our original stock was secured direct from the originator.

PRICE: 25 for \$1.40; 50 for \$2.00; 100 for \$3.50; 250 for \$6.50; 500 for \$12.00; 1,000 for \$22.00; 2,000 for \$40.00.

Gentlemen:

Huntertown, Ind.

Wish to acknowledge receipt of the 1,000 Gem Strawberry plants. I am so well pleased with the shipment, I want to tell you that the stock I received from you is the best that anybody has received in this area. I have compared your plants with some received from other nursery and yours are so far superior that they make the others look sick. In view of this fact I have recommended your nursery to my neighbors.

Thanking you for the wonderful service I have received from you people, I remain

Charles T. Mance.

Superfection EVERBEARING STRAWBERRIES

Bears from June until Frost

The GIANT and KING of all Everbearers! The Largest Berry we have ever seen. Berries are exceptionally large, roundish in shape; are dark red all the way through. Superfection has a zippy sweet flavor, fairly melts in your mouth. Berries are of firm texture, will withstand long-distance shipping without discoloration or softening of berries, which is quite common with most all everbearers.

Just imagine having ripe berries from the time Fishing Season opens in June until it's time to serve "Tom Turkey" on a platter in November? This is true with this wonderful New Superfection, for it starts ripening its fruit in June and continues on and on until November, and best of all—produces another fine crop the following spring—2 Crops in one Year.

Superfection produces a heavy fruiting row on most any kind of soil, and will form fruit stems on the runner plants, making it a much heavier producer. When other everbearers stop bearing, the Superfection keeps on and on. This past summer we picked 60 cases from a very small plot. A hundred plants in your garden will produce enough berries for an average family. A variety made to order for the small gardener, and as a commercial proposition, it can't be beat for the firmness of its fruit will insure berries arriving at distant markets in excellent condition, and the exceptionally large size and bright red color of its fruit will command highest market prices.

We believe it is the best Everbearer ever introduced and think it will replace most others when it becomes more widely known. Get your order in early and don't be disappointed. Our planting stock was secured direct from the originator, Mr. Keplinger, of northern Michigan, the man who discovered the famous Gem Everbearer.

PRICE: 25 for \$2.35; 50 for \$4.00; 100 for \$6.50; 250 for \$15.00; 500 for \$28.00; 1,000 for \$55.00.

Late Giant

LATE GIANT *Best Late*

Ripens so late that there will be no waiting between Strawberries and Raspberries. Berries are dark red all the way through, honey-sweet, with a flavor of a wild Strawberry. Berries are giant in size and of good quality. Make a good fruit row on any soil. This variety has proven to be exceptionally resistant to Red Stele.

PRICE: 25 for \$1.10; 50 for \$1.85; 100 for \$2.85; 250 for \$6.15; 500 for \$9.00; 1,000 for \$17.00.

Catskill *Midseason*

It is a cross between Premier and Marshall. Makes a fine, vigorous plant growth; fruit stems are thick and grow upright; leaves are exceptionally large. Late ripening. Good quality berries, which are of good size and bright red in color. Fine flavor and excellent for canning and freezing.

PRICE: 25 for \$1.25; 50 for \$2.00; 100 for \$3.15; 250 for \$6.45; 500 for \$10.00; 1,000 for \$18.00.

BARGAIN NO. 4

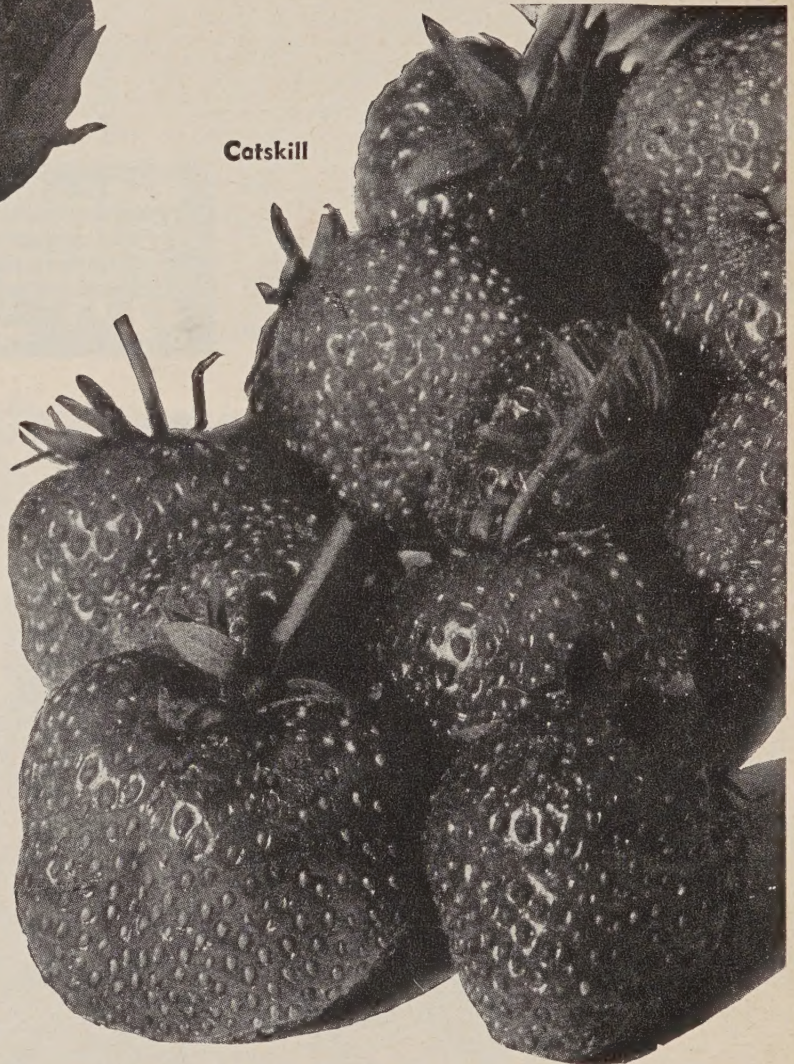

75 Strawberry Plants

25 Each: Catskill, Late
Giant and Neet

\$2.25

Net, not prepaid

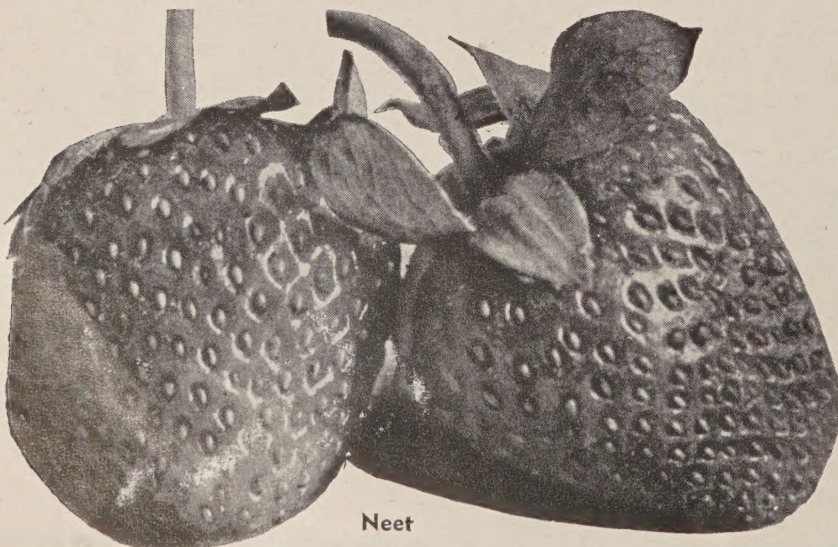

Catskill

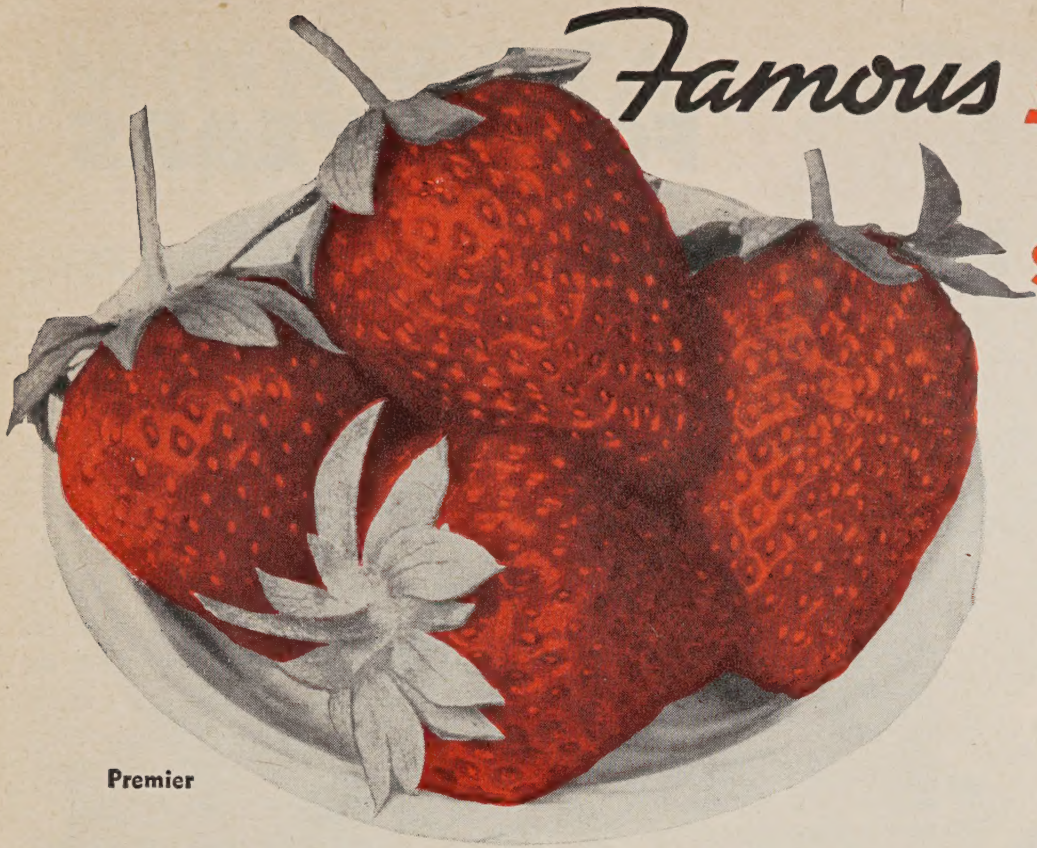

NEET *Best Early*

An excellent variety which resembles the Premier, but is much hardier, larger, better flavored and invariably produces more fruit. Will produce a fine fruit crop the second and third year after planting—a trait not found in any other variety we have grown. Berries are large, perfectly formed, delicious sweet flavor, good quality, firm texture. Very hardy.

PRICE: 25 for \$1.10; 50 for \$1.85; 100 for \$2.85; 250 for \$6.15; 500 for \$9.00; 1,000 for \$17.00.

Neet

Premier

Famous **PREMIER** Best Early **STRAWBERRY**

Still the leading early berry.

A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money-maker, for it yields its fruit crop at a time when strawberries are in great demand and sell at fancy prices. Premier is as nearly frost-proof as any strawberry can be. It is unusually healthy, being free from leafspot and other diseases. Its deep, heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries of fine texture and flavor.

PRICE: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.85; 500 for \$8.75; 1,000 for \$17.00; 2,000 for \$32.00.

ROBINSON Best Late **STRAWBERRY**

This berry was originated by John Haley, of Southern Michigan. It is a cross between Premier and Washington. The best medium to late—10 days to 2 weeks later than Premier. In our 50 years of growing strawberries, Robinson is the largest berry we have ever seen—30 berries will fill a quart. In fact, one of our Montana customers says some of her Robinson measure 6 to 6½ inches in circumference and inquired how much bigger they have grown, and one of our Michigan customers states he may elect to sell his berries by the dozen—or yard, for just 18 of the giant Robinson berries filled a quart container, and that they averaged “six berries to the foot.” This variety has been grown commercially for the past eight years in Michigan; has produced a wonderful crop of fruit every year under most unfavorable conditions—farmers netted over \$1,000.00 an acre from this variety.

Berries are extremely large, and honey-sweet. Color is decidedly a cardinal-red, and this berry may be offered under this name. Berries have a firm, tough skin, making it an excellent shipper to distant markets.

Excellent plant maker on any soil.

Premier and Robinson, two of the best varieties, will give you berries over the entire season.

PRICE: 25 for 85c; 50 for \$1.50; 100 for \$2.50; 250 for \$5.50; 500 for \$8.00; 1,000 for \$15.00; 2,000 for \$28.00.

BARGAIN NO. 5

50 Premier 50 Robinson

\$2.25

Robinson

Tried and Tested **FOR 47 YEARS** **SENATOR DUNLAP**

One of the oldest and best varieties—a variety your Grandmother canned when you were a child. New varieties have come and gone, but the old Standby “Dunlap” is still with us. Have been sold for 47 years, and still outsells other varieties—they must be good! We sell more plants of this variety than any other kind. Will grow on any kind of soil—grown in every State in the Union—better known than any other variety. Originated by Dr. J. R. Reasoner, of Urbana, Ill.

The fruit is medium large, conical in form, regular in size, and never misshapen; dark glossy red in color. Excellent for home use. The best color—the best flavor, and best of all—so sweet it requires but very little sugar.

Plants are unusually healthy and vigorous, adapting itself to any soil or climate. Our propagating plants have been especially selected from heavy producing patches, making this strain heavy producers. Easiest plant to grow—practically no failure. Still grown extensively for a commercial proposition.

A garden is not complete without a few hundred Dunlap.

PRICE: 25 for 85c; 50 for \$1.25; 100 for \$1.75; 250 for \$3.50; 500 for \$6.50; 1,000 for \$12.00.

BARGAIN NO. 6 SURPLUS STRAWBERRY PLANTS

We offer this bargain in June-bearing kinds to those not particular as to variety. They will consist of good standard varieties—our own selection, all labeled.

THERE ARE BIG PROFITS IN STRAWBERRIES, PLANT A PATCH THIS YEAR

MINNESOTA No. 1166

EVERBEARING STRAWBERRIES (*Evermore*)

A comparatively new Everbearer which has proven successful wherever tried. It also bears 60 to 90 days after planting—berries all summer and fall, followed by a fine crop the following June. Plants are hardy, and produce runners freely. Berries are large, long and pointed—in appearance it looks like the Missionary berry that is so well known in the South. Berries are dark in color and perfectly red clear through—no green tips. Fruit is firm and very sweet.

PRICE: 25 for \$1.35; 50 for \$2.25; 100 for \$3.75; 250 for \$7.50; 500 for \$13.75; 1,000 for \$25.00.

New

TEMPLE

Red-Stele Resistant

Tolerant To Wet Conditions

This new variety was "made-to-order" to take care of the Red Stele menace. After many years of crossing and testing, a variety has been perfected, a fine variety which is resistant to the Red Stele and also tolerant to wet conditions.

An exceptionally vigorous variety, producing unusually tall plants, and perfectly healthy growth. It is an excellent plant maker. On rich, moist soils, set them farther apart than other varieties. Probably the rankest and most vigorous grower of all present-day introduced varieties. Tests have proven it will grow and produce on soils infested with Red Stele, where most other varieties will die.

Temple is very productive. Berries are medium to large, and beautiful red in color, blunt, conic, smooth, uniform and have large attractive caps. Berries are of very good quality, and an excellent shipper. Definitely a good commercial variety. Ripens nearly as early as the well-known Blakemore—one of the first to ripen in the Central states—often the last week in May.

Indeed a Masterpiece of Scientific Breeding. Order early and avoid disappointment for the supply is still limited.

Price: 25 for 95c; 50 for \$1.65; 100 for \$2.75; 250 for \$5.85; 500 for \$8.75; 1,000 for \$16.00.

Jumbo Red

GRAPE VINES

JUMBO RED

The Giant of all Grapes—Individual Kernels
Size of a Plum

We introduced this variety three years ago. We believe it came from a sport or seedling, as one vine was found in a vineyard of Concord some eight years ago; the fruit is entirely different than any variety we have ever seen. An amber-red when ripe, with individual kernels the size of a Plum. Compact bunches weighing one to two pounds. Very hardy. Will grow on most any soil.

PRICE: 1-Yr. vines, 75c each; 2 for \$1.25; 6 for \$3.00. 2-Yr. vines, \$1.25 each; 2 for \$2.00.

GOLDEN MUSCAT. Possesses a rich golden color and the finest Muscat aroma of the European Muscat. For home use and roadside market, it is one of the best. The vine is vigorous, productive; the clusters are very large, tapering, single-shouldered and compact. The berries are large, oval, juicy, tender, sweet, vinous and aromatic. Ripens 10 days earlier than Concord.

Price: 1-Yr. vines, 80c each; 6 for \$4.50.

BARGAIN NO. 8

2 Fredonia (blue)
2 Niagara (white)
1 Jumbo Red

All 2 Year

\$1.60

Net, not prepaid

SENECA. A variety that is entirely different, not just another variety. Ripens early; bunches are of good size, tapering and compact. The berries are oval in shape, and golden yellow. Texture is firm, like the California grape, and the skin can be eaten with the berry. Flavor is sweet and aromatic; texture is melting and tender. Moreover, it keeps well on the vine or off, in storage until Thanksgiving.

Price: 1-Yr. vines, 85c each; 6 for \$4.80.

DELAWARE. Berries are compactly set, light red, sugary and delicious. It is one of the very best small red varieties. Brings highest prices on any market. Excellent wine grape.

PRICE:	Each	6	12	25
2-Yr.	\$0.30	\$1.60	\$2.50	\$4.50
3-Yr.35	1.80	3.45	6.25
	50	100	250	1,000
	\$ 8.15	\$15.00	\$35.00	\$130.00
	11.50	20.00		

NIAGARA. The standard white Grape. Ripens with Concord. Bunch and berries large. Good quality. Very hardy and productive. See price below.

CONCORD.

Most popular grape of them all. Large, purplish-black Grape. Large - shouldered, compact bunch. Flesh is juicy, sweet and tender, excellent flavor. Vine a strong grower, very healthy, hardy and productive. Ripens in October. See price below.

FREDONIA. The biggest money-maker of all Times!

Have produced as high as 2800 four-quart baskets per acre. Fredonia is the earliest good black grape, ripening 15 days earlier than Concord. The vine is very disease-resistant, vigorous and productive—makes new wood so fast it bears the second year. Of finest quality; the clusters are large size, cylindrical and very compact; berries large, round, and hang well to the bunch. The skin is thick and tough, the flesh is juicy, solid, but tender. See price below.

PRICE OF CONCORD, FREDONIA and NIAGARA GRAPE VINES

	Each	6	12	25	50	100	250	1000

4-Yr. (Fredonia and Niagara): 65c each; 3 for \$1.80; 6 for \$3.50; 12 for \$6.00.

Concord

The ACKERMAN NURSERIES

Thornless
Boysenberry

Thornless BOYSENBERRY

Entirely thornless! Think of picking real large berries without a chance of scratching your hands! These large, sweet, juicy berries are often 2 inches in length, and are a dark maroon in color. Has a rich tangy flavor all its own. They are just as easy to grow as Blackberries—plant 6 feet apart in rows 6 feet across; train on wires the same as Dewberries. Absolutely hardy—will not winter-kill. Excellent canner, and valuable for table use, jellies and pies—ideal for freezing.

PRICES: 1-Yr. No. 1 plants, 6 for \$1.15; 12 for \$1.95; 25 for \$2.85; 50 for \$4.75; 100 for \$8.50; 250 for \$20.00; 500 for \$35.00; 1,000 for \$65.00. 2-Yr. transplants, 3 for \$1.35; 6 for \$2.50; 12 for \$4.75.

NECTARBERRY

Berries are as large as Boysenberry. Ripens 3 days later, much sweeter, better flavor. It has remarkably few and soft seeds and no noticeable core. Heavy producer. Has withstood temperatures of 15 below zero. Dark maroon in color. Culture same as Boysenberry. **PRICES:** 1-Yr. plants, 6 for \$1.15; 12 for \$1.95; 25 for \$2.85; 50 for \$4.75; 100 for \$8.50; 250 for \$20.00; 500 for \$35.00; 1,000 for \$65.00.

Sodus

SODUS PURPLECAP

Berries produced by this variety are two times as large as the older Purplecaps. Berries resemble Red Raspberries in shape and appearance, but fruit is purple and the bush grows like Blackcaps. Heavy producer. Fruit is very sweet and delicious; excellent either fresh or canned. **PRICE:** 1-Yr. plants, 6 for \$1.25; 12 for \$2.10; 25 for \$3.30; 50 for \$5.50; 100 for \$9.50.

BLACKBERRIES

ALFRED. The Blackberry Without a Core. Alfred ripens early, about a week in advance of other kinds. Berries are of immense size, some measuring 3 inches around and 2 inches in length. Color is jet black; flavor sweet and delicious. Very hardy and can be grown anywhere without winter protection.

ELDORADO. The Best Commercial Blackberry. Eldorado bears young, providing nearly a full crop of fruit the year after planting. Very hardy. Vigorous grower; large berries, fine flavor, and excellent quality. Very productive.

PRICE: Alfred and Eldorado:

	12	25	50	100
1-Yr. root cuttings.....	\$1.00	\$1.75	\$3.25	\$6.00
2-Yr. transplants.....	1.85	2.95	5.25	9.50

Alfred

BLACK RASPBERRIES

NEW MORRISON

Note actual photograph at left. The giant of the Black Raspberry family. Jet black berries, nearly an inch in diameter. The first Blackcap ever introduced that is superior to the old variety, Cumberland. Originated in Northern Ohio by the late Fred Morris. Ripens midseason to late. An outstanding rapid grower. Produces enormous crops. Very thrifty and disease resistant. Will grow on any soil. A comparatively new variety of real merit. Our supply of plants is very limited again this year—order early and avoid disappointment.

PRICE: 1-Yr. No. 1 plants, 6 for \$1.15; 12 for \$1.95; 25 for \$2.85; 50 for \$4.75; 100 for \$8.50; 250 for \$20.00; 500 for \$35.00; 1,000 for \$65.00.

New Morrison

Cumberland

The Very Best Midseason Kind. No Blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder, berries large, rich black color; fruit firm and of delicious flavor. Bush absolutely hardy, vigorous growing, producing plenty of fruiting wood.

PRICE: 1-Yr. No. 1 plants, 12 for 85c; 25 for \$1.50; 50 for \$2.75; 100 for \$4.95; 250 for \$11.25; 500 for \$20.00; 1,000 for \$36.00. 2-Yr. Transplants, 6 for \$1.35; 12 for \$2.50; 25 for \$4.00; 50 for \$7.00; 100 for \$12.00; 250 for \$27.50.

IMPROVED CUMBERLAND

Ripens 10 days to 2 weeks earlier than Cumberland. Berries are large, jet black in color, very firm, and have a delicious, sweet flavor. Strong, thrifty grower and very resistant to disease.

PRICE: 1-Yr. No. 1 plants, 5 for \$1.25; 10 for \$2.00; 25 for \$4.50; 50 for \$8.00; 100 for \$14.00.

Cumberland

NEW LOGAN

Most Dependable Early Black Raspberry. The berry ripens one week earlier than Cumberland. It is an extra heavy yielder, with berries as large or larger than Cumberland. A good many growers prefer this variety inasmuch as it ripens its crop practically at one time, requiring only three or four pickings to complete harvest—a great saving in labor.

PRICE: 1-Yr. No. 1 plants, 12 for 85c; 25 for \$1.50; 50 for \$2.75; 100 for \$4.95; 250 for \$11.25; 500 for \$20.00; 1,000 for \$36.00.

Red Elberta

There's a Difference. Northern Grown. Buds Especially Selected from Heavy Bearing Trees; Insures a Bumper Crop. Absolutely true-to-name, vigorous, well-grown, perfectly healthy, with well-ripened wood and splendid roots. Guaranteed to reach you in good growing condition.

Amber Gem. This grand new variety is a semi-cling; shaped like an Elberta and ripens same time. Beautiful yellow flesh with deep red blush; delicious honey-sweet flavor. Will hang on the tree from 10 days to 2 weeks after it ripens. One of the largest peaches grown. Used extensively by all canning factories. Hardy and very productive.

Elberta. Standard market peach of the entire country. Very large; yellow with red blush; flesh is yellow, tender and juicy; very highly flavored. Rank, vigorous grower. Ripens middle of September. Freestone and self-fertile.

Golden Elberta. An Early Ripening Elberta! Fruit and tree are like Elberta, except it ripens about 10 days ahead and is a brighter yellow. High quality, very sweet, delicious flavor. Freestone and self-fertile.

Golden Jubilee. Tree habits and fruit resemble Elberta but ripens about a month earlier. The skin is yellow with red blush; flesh golden yellow, juicy, tender, sweet and freestone. Very hardy.

H. Hale. Ripens 5 days earlier than Elberta, is larger and superior flavor; beautiful golden yellow with carmine blush, smooth, fuzzless. Freestone.

Hale-Haven. A cross between South Haven and J. H. Hale. Freestone. Strong grower, very hardy, heavy bearer; excellent fine flavor. Ripens 15 days earlier than Elberta. The best yellow freestone we have seen for years.

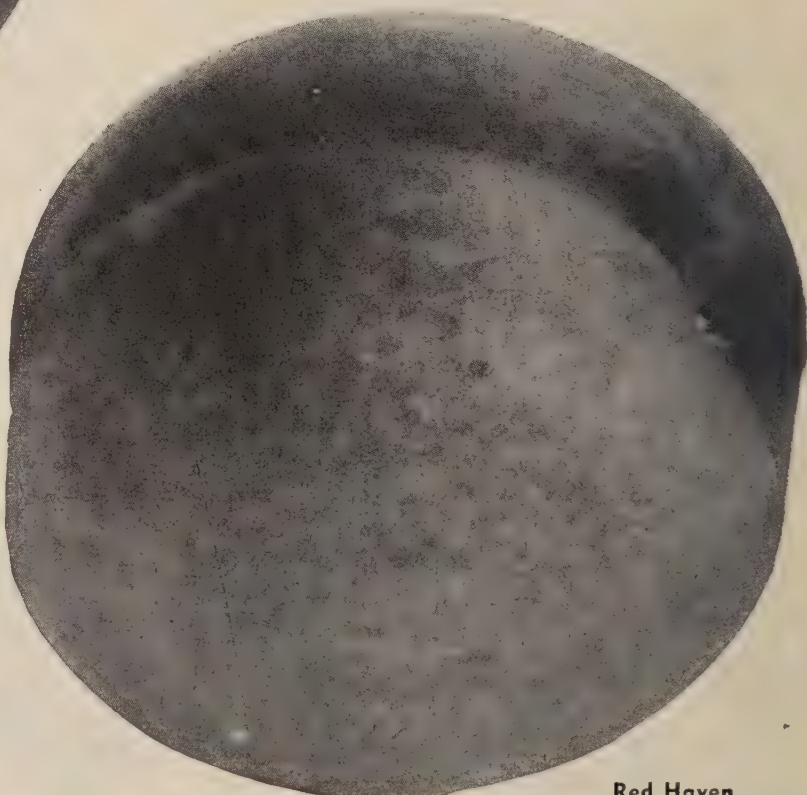

Kal-Haven. This is a cross between J. H. Hale and Kalamazoo. It ripens just before Elberta, although will overlap the season of the latter variety. Freestone. Yellow with beautiful coloring. Large in size, and an excellent shipper. Fine flavor. Tree vigorous, hardy, and productive.

Red Elberta. Identical with Elberta in tree and fruit with a red-all-over coloring and a much improved flavor, but ripens 10 days earlier. Fruit fine textured, firm and able to hold up for long-distance shipping. Freestone and self-fertile. Rich red color sells fruit on sight.

Red Haven. An excellent early maturing peach. RIPENS 30 DAYS EARLIER THAN ELBERTA. Yellow freestone, almost completely covered with a brilliant red color; sweet in flavor. Firm flesh and tough skin. Heavy producer. Fruit buds much hardier than Elberta.

Rocheater. One of the best early yellow freestones. Exceptionally hardy. The skin is yellow with deep red blush. Excellent flavor and a good yellow freestone. A regular bearer.

Sullivan's Elberta. An early Ripening Red Bud Sport of Elberta. Mid-season, yellow, freestone. Identical to Elberta except it ripens about 7 days earlier. Rich, sweet flavor, firm, juicy; brilliant red color with yellow background. Tree vigorous; bears large crops annually.

Red Haven

NORTHERN GROWN TREES

HARDY • PROFITABLE

"Early-Profit" PEACH

Extra Early—Ripens in July

The earliest peach for northern growers. Since its discovery nine years ago, the parent tree has never missed a crop. We secured our budwood from this tree; as a result bears tremendous crops—should be thinned heavily to insure large Peaches.

The Peach is practically round; almost completely covered with a beautiful, bright-red coloring; flesh is yellow, firm and juicy—one of the sweetest and juiciest, with a wonderful peach flavor. The peach, over a period of 9 years, has been a freestone six years and a semi-cling three years; we believe weather conditions govern these characteristics. In planting this variety you will be assured of early profits, or money in your pocket long before standard varieties begin to produce. Extremely hardy here in Michigan, and a sure-cropper.

Price: 10c per tree higher than price listed on page 14.

PERFECT HALE. This variety will produce full crops of beautiful, large peaches, entirely free from all so-called "buttons" so prevalent in crops of J. H. Hale, for it is self-fertile. Season little later than Elberta. Fruit very large; flesh yellow, with deep carmine blush. Very hardy freestone. Splendid market variety. See page 14 for price.

Amber Gem

Early Profit

FAIRHAVEN. The New Wonder Peach! Early Ripening, Heavy Producer, Hardy! Fairhaven was originated in the South Haven Experiment Station from a cross between J. H. Hale and South Haven. Fairhaven ripens about a week before Halehaven and at the end of Redhaven season. At least half of the fruits of Golden Jubilee will have been harvested when Fairhaven begins.

Fruit is medium-large, nearly round, and mostly bright golden in color, with an attractive, bright-red cheek. The skin is very smooth and tough. Fruits are very firm and ship exceptionally well for an early peach. Flesh is medium-yellow with a moderate amount of red color at the pit, firm-textured and of good flavor. It resists browning, which is a great advantage, especially in processing. The stone is free when fruits are fully ripe.

Trees are exceptionally heavy producers of fine size fruit, are hardy and vigorous, with strong scaffold limbs, and have shown no indication of susceptibility of the trunk to winter injury.

PRICE: 1-Yr., 3-4 ft. trees, \$1.00 each; 10 for \$9.00; 25 for \$21.25. 4-5 ft. trees, \$1.20 each; 10 for \$11.00; 25 for \$25.00.

SKIBBE'S ELBERTA. This variety was introduced for the first time last year—something brand new. The peach is a large, yellow, freestone; round—practically the shape of J. H. Hale; self-pollinizing, and ripens right after Elberta. Peaches are the size of J. H. Hale, which is one of the largest peaches grown today. Fruit is yellow, with bright red cheek, with occasional striping. Very hardy, and produces full crops of fine size peaches annually. See page 14 for price.

RED-GOLD GIANT (The Improved Hale!). Bears Young—Fine Shipper—Exceptionally Hardy! Truly the GIANT of the Peach family—many peaches weighing 1 pound each—the largest Peach we have ever seen. This new variety is a bud-sport of the common Hale, but is much larger, and bears heavier, with no signs of "little peach" so common in the Hale. A late mid-season variety that is almost fuzzless. Ripens a week later than J. H. Hale, when Peaches are bringing a premium price. A perfect freestone. An excellent shipper. Bears at an early age—often one-half bushel the second year. Very hardy. Tree is a more thrifty grower than Hale, and seems to be more resistant to brown rot than other kinds.

The fruit is round like the Hale but much larger, and bears heavier; skin is golden-yellow heavily blushed with red; flesh is golden yellow, firm, solid and of delicious flavor. A small pit.

To get larger crops with this wonderful variety it is advisable to plant with other varieties such as Elberta and Hale-Haven.

If you want a peach to surprise your neighbors, buy a few of these trees.

Amazing!

DWARF Fruit Trees

**TAKE LITTLE SPACE
BEAR YOUNG
BIG PROFITS**

DWARF APPLE TREES

These unique trees create a new era in fruit tree culture for city and suburban homes, for they require less space and produce much quicker than standard fruit trees. Most varieties generally start producing the second and third year after planting. They do not spread more than 10-15 ft., and therefore can be planted 15 ft. apart; the trees are never more than 10-15 ft. high at maturity. Makes a beautiful ornamental tree. Also produces heavy crops of fruit—2 trees in a small corner in your yard will provide enough fruit for you and your neighbor.

The small investment you make will increase in value each year.

We are offering 3 varieties: Cortland, McIntosh and Red Delicious.

Price: 3-Yr., 5-7/16 inch, 2-3 ft. trees, \$2.50 each; 2 for \$4.50.

DWARF PEAR TREES

The variety we are offering in this wonderful dwarf tree is the well known BARTLETT. Fruit is large, coloring when fully ripe to waxy yellow with red blush; juicy, melting, highly flavored. Fruit ripens in September.

PRICE: 5-7/16 inch, 2-3 ft. trees, \$1.60 each; 2 for \$3.00; 4 for \$5.00. 9-11/16 in., 4-5 ft. trees, \$2.50 each; 2 for \$4.75; 4 for \$9.00.

BARGAIN NO. 15

1 Dwarf Apple
(Your Choice) **\$3.25**
1 Dwarf Bartlett Pear Net, not prepaid
2-3 ft. trees

New MONTMAMMOTH CHERRY

This variety was found by Lee McClain, of Knox County, in 1928. A sport of the Montmorency. Bears the second year—no waiting for fruit. High quality cherries are large, often calipering an inch in diameter. As the tree is dwarf and spreading in growth, it is much easier to pick than other varieties, as the bulk of the crop can be harvested from the ground. Heavy producer—3 to 5 fruits per spur; the parent tree was one year old when planted, which was 31 years ago, and it produced a 6-gallon crate of fruit the third year. The many fine points that this sour Cherry has, we believe, will eventually take the place of all other sour Cherries.

PRICE: 1 Yr., 2½-3 ft. trees, \$1.50 each; 3 for \$4.35; 10 for \$14.00.

Montmorency

Large **MONTMORENCY** **Sour Cherry**

The leader of all Sour Cherries. Ripens mid-summer. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears two to three years from planting. The best Sour Cherry for pies and home use. **OUR TREES HAVE NOW BEEN CERTIFIED BY THE MICHIGAN STATE DEPARTMENT OF AGRICULTURE TO BE PROPAGATED FROM VIRUS DISEASE-FREE BUDWOOD.** No more worry about losing trees due to the dreaded disease, "Yellows." This special certification costs you nothing extra—your guarantee as to receiving disease-free stock.

New SOUR BLACK CHERRY

Truly a Black Beauty. A Real Novelty. A Sour Cherry that is black—believed to be the first of its kind grown in the United States. In the fall of 1935, Mrs. Dolechek, of Rahway, New Jersey, imported some seeds from Rumania, and in 1936 was successful in growing thirteen trees, three of which were sent as a gift to the President of the United States. These seedling trees produced the fourth year. The introducers sent some budwood to us in 1944, from which we have now grown enough trees to offer them to our customers, in a limited way, for the first time.

The manner of growth is identical with the Montmorency and the fruit is about the same size. Cherries are black with red juice; semi-sour in flavor. Fruit ripens one week later than the Montmorency. Tree is hardy and a medium grower.

A good many varieties of Black Sweet Cherries have been offered, but to our knowledge, this is the first black sour cherry introduced. Be the first to have one of these trees in your neighborhood—order early for the supply is very limited.

SWEET CHERRIES

Schmidt's Bigarreau

The Giant of the Black Sweet Cherries. Especially noted for coming into bearing at an early age. Bears heavily, is very hardy and a sure cropper. Immense size, deep black; flesh dark, tender, very juicy, fine flavor. Ripens in July. **PRICE: 1-Yr., 3-4 ft. trees, \$1.50 each; 10 or more at \$1.35 each. 9-11/16 in., 4½-5½ ft. trees, \$1.75 each; 10 or more at \$1.60 each.**

Napoleon (Royal Ann)

Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Bears enormous crops ripening in July. **PRICE: 1-Yr., 9-11/16 in. trees only, \$1.75 each; 10 or more at \$1.60 each.**

Windsor

Fruit large, dull red; flesh remarkably firm, of fine quality, an excellent shipper and a good bearer. Ripens middle of July. **PRICE: 1-Yr., 3-4 ft. trees, \$1.50 each; 10 or more at \$1.35 each. 9-11/16 in., 4½-5½ ft. trees, \$1.75 each; 10 or more at \$1.60 each.**

Anoka (B)

The Old Folks' Apple! The second year, big, full-sized crop; earliest and heaviest bearing Apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August, but can be used a month earlier. Apples are good sized, well formed, beautifully colored. Has proven to be one of the very best early summer apples for all purposes.

Red McIntosh (A)

Medium size, nearly covered with dark red. Flesh white, tender, juicy and crisp. Similar to common McIntosh but colors earlier. Tree hardy, vigorous and healthy. September ripening.

Red Jonathan (C)

Grand, good winter Apple. Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without especial care; also stands much handling.

Cortland

An offspring of the McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later. Fine for cooking. A good shipper. Bears 2 to 3 years after planting.

Red Rome Beauty

An improved variety, which has a solid, deep red color. Large winter apple of good quality. Thick skinned, stands handling well and a good keeper. Bears young.

Yellow Delicious (D)

Best yellow apple. Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd and 3rd year. Keeps until late spring without becoming mealy. Very hardy. You'll make more money with our Yellow Delicious.

Yellow Transparent

Ripens in July. One of the best; early. Skin clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid.

Dbl. Red Delicious (E)

The new, superior Delicious that is creating a sensation. Fruit is red all over as early as August, when other Delicious are still green. Extra fine flavor. Brings highest prices on the market. Supply is limited, so order early.

Stayman's Winesap

A good early winter keeper. Fruit large, bright red color. Flesh tinged with yellow; firm, crisp, with pleasant, rich acid flavor appealing to everyone.

Red Northern Spy

Red Spy is a typical Spy except in color. The color is solid bright red without either stripes or splashes. Flesh white, tender, mild, sub-acid. Reliable bearer.

Wealthy

Ripens late summer and early autumn. Perfectly hardy, vigorous and productive. Fruit large, red streaked with white. Quality good.

FIVE APPLE TREES

Best grade super-size Apple trees. One of each variety pictured on this page.

\$3.45

Net, not prepaid

PLUMS

STANLEY PRUNE. Superior to all Prunes, as it often comes into bearing in 3 years and ripens 10 days earlier than Italian or German Prune. Hardy, never winter-kills. A more thrifty and rapid grower than all other sorts. Very productive. Fruit large, deep bluish-purple; firm and sweet, excellent quality. The best for commercial planting or home use.

BURBANK. Most profitable market variety. Tree hardy, spreading, vigorous and heavy yielder. Bears young. Fruit large and of excellent quality; cherry-red, with lilac bloom. Ripens in August.

SHROPSHIRE DAMSON. Largest of the Damson class. The dependable, little, improved blue plum which bears such tremendous crops. Fruit makes rich, red preserves, highly colored and flavored. Ripens in August. Very hardy.

REINE CLAUDE (Green Gage). Large, yellow-green, juicy, melting, sugary and delicious. Because of its rich flavor, one of the best for eating and canning. Ripens quite late. Very hardy and productive.

SANTA ROSA. Exceptionally large, round, purplish-red fruit; flesh red near skin, firm, juicy, and has a pleasing, tart flavor; of exceptionally high quality. Ripens early.

Stanley Prune

PEARS

Seckel

BARTLETT. The favorite of the Pear family. Large, coloring when fully ripe to waxy yellow with red blush; juicy, melting, highly flavored. Tree bears early and abundantly. Fruit ripens in September.

BEURRE BOSCH. Fruit very large, of distinct gourd shape, roundish at blossom end, with long, thin, tapering neck. Beautiful golden russet color. Flesh fine grained, juicy and melting, very delicious and high flavored. Ripens late September.

CLAPP'S FAVORITE. An early ripening pear, resembling Bartlett, but ripens 10 days earlier. Fruit is of large, uniform size, with beautiful green skin, deeply blushed carmine-red; juicy, fine grained and sweet. Hardy, vigorous and very productive.

KIEFFER. Best Pear for large commercial planting. Ripens in October and November. Fruit large, of good quality.

SECKEL (Sugar Pear). Small size; yellowish russet, with red cheek. Flesh white, buttery, very juicy and melting. Ripens in September and October.

BEARING-AGE TRANSPLANTS

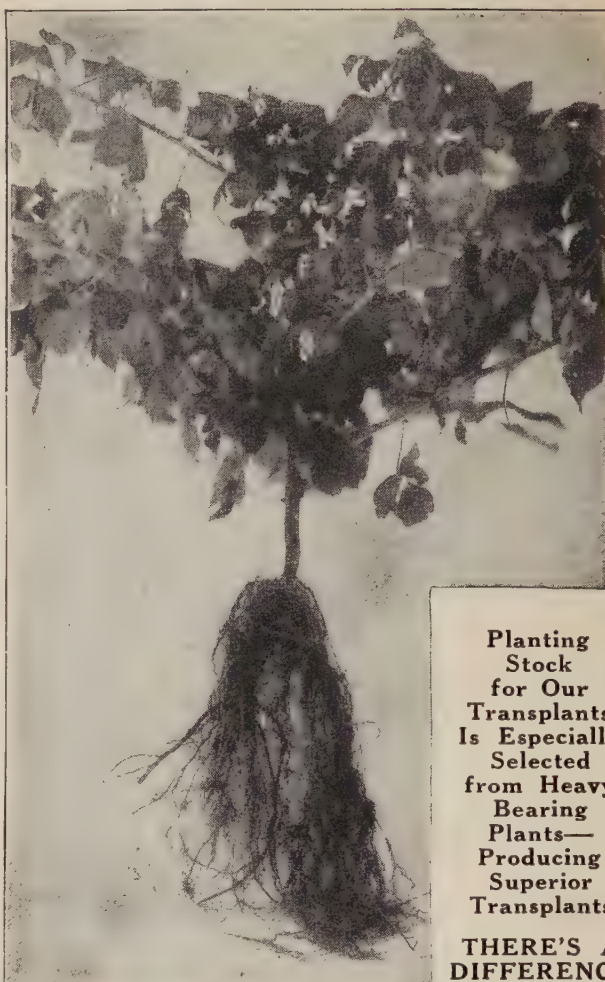

**Will Fruit this Summer
—GAIN A YEAR—**

Ideal for Home Gardens and Commercial Growers Who Want Quick Returns. We offer two-year bearing age transplants in **BLACK** and **RED RASPBERRIES**, **BLACKBERRIES** and **BOY-SENBERRY**. You will find money-saving prices on these transplants under the different varieties on pages 11, 12 and 13. Note photo at right of Ackerman Nurseries' 2-Year Cumberland Black Raspberry transplants—with wonderful root system and sturdy body. Will produce berries in three months, bringing quick profits. A full crop the second season.

4-YEAR LATHAM

These plants have been grown for 4 years. Extra sturdy, giant plants, having from 1 to 2 canes. **BERRIES THE FIRST YEAR**. This year these plants produced a wonderful crop of berries—they are all set and ready to jump in and start bearing. Will bear the first year after planting. Those who do not want to wait for fruit should plant these extra sturdy bearing-age plants. See photo at left. Just the plant for Victory Gardeners—a few plants in your garden will furnish a nice lot of berries the first year.

PRICE: Fruiting-Age, Selected Specimens, 50c each; 3 for \$1.35; 6 for \$2.40; 10 for \$3.50; 20 for \$6.00; 50 for \$12.00.

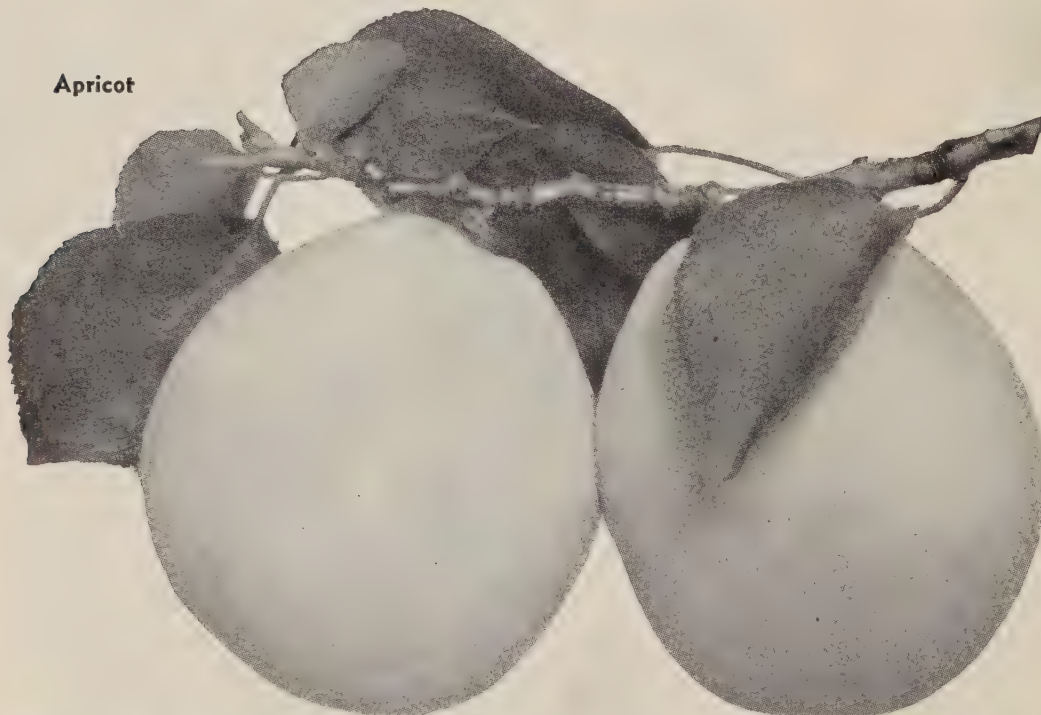

Cumberland Transplant

Planting Stock for Our Transplants Is Especially Selected from Heavy Bearing Plants—Producing Superior Transplants

THERE'S A DIFFERENCE

Apricot

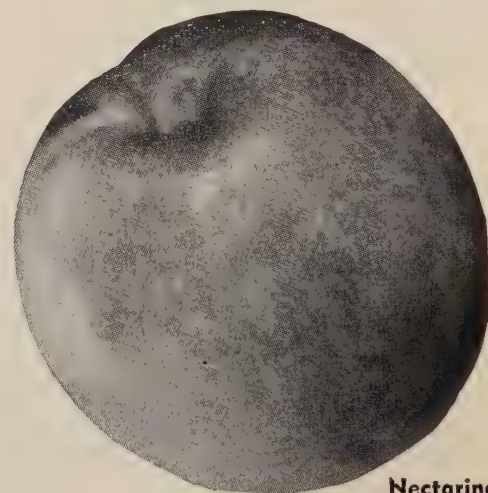

HARDY APRICOTS

This is the Hardy Northern Variety

Produces very large, orange-yellow-colored fruit with red cheek. Fruit is sweet, juicy and delicious. Freestone and very productive. As hardy as a Peach and as easy to grow. Ripens in August. Plant two or more trees for proper pollenization.

PRICE: 5-7/16 in., 3-4 ft. trees, 85c each; 2 for \$1.50; 6 for \$4.00. 9-11/16 in., 4-5 ft. trees, \$1.25 each; 2 for \$2.25; 6 for \$6.00.

6 Cumberland Transplants

\$2.65

Net, not prepaid

NECTARINE

This delicious fruit is a cross between a Peach and Plum. Resembles a Peach in shape, size and flavor. Smooth skin, similar to that of a Plum; many fruit lovers call it the "Fuzzless Peach." Fruit is large, with striking red color, very juicy and delicious. It is a freestone and ripens with the Elberta peach. It's habits are similar to the Peach; therefore culture is the same. Excellent for canning or as a fresh fruit. Plant two or more trees for proper pollenization.

PRICE: 3-4 ft. trees, 90c each; 2 for \$1.65; 4 for \$3.00.

The ACKERMAN NURSERIES

Giant Cultivated BLUEBERRIES

One of the biggest money-makers as a commercial proposition. An attractive ornamental from early spring until late fall. Heavy producer—four bushes in your yard will provide enough berries for Blueberry pie throughout the season. As an ornamental shrub, the Blueberry cannot be surpassed; are full of pink buds, which open into bell-shaped, white flowers, starting in June. Blueberries must have an acid or semi-acid soil, good drainage and moderate supply of moisture.

Cultural instructions on the planting of Blueberries included with every order.

The 4-, 5-, and 8-year-old bushes will produce next summer. Remember, the older the bush, the more berries and profit you will receive. **We cannot guarantee varieties in 4-, 5-, and 8-year-old, but they will consist of all good kinds.**

PRICES OF BLUEBERRIES—Not Prepaid

We offer three varieties in the 1-, 2- and 3-year. Rancocas (early to midseason), Jersey and Rubel (midseason to late).

You will note 4 Green Barberry in the foreground of this picture; these are not included in the above order.

HORSERADISH

This popular condiment is very easily produced in the home garden, and anyone who has compared the freshly dug article with that sold over the counters can appreciate the value of the good, home-grown products so easily prepared. Source of supply is easily maintained, as it spreads quite rapidly.

Rhubarb

VICTORIA RHUBARB

This variety has giant size stalks, twice the size of ordinary Rhubarb; very tender. Fine flavor. A trifle later than Myatt's Linnaeus.

MYATT'S LINNAEUS RHUBARB

It is an early, tender variety, without being in the least tough or stringy, with a mild, sub-acid flavor. We consider this one of the most profitable market garden crops. We offer good strong roots, at unheard-of low prices.

PRICE, RHUBARB AND HORSERADISH
RHUBARB: Heavy, 4-Yr. Clumps, 20c each; 6 for \$1.00; 12 for \$1.75; 25 for \$3.00; 50 for \$5.50; 100 for \$10.00.

HORSERADISH: 6 for 50c; 12 for 85c; 25 for \$1.45; 50 for \$2.50; 100 for \$4.50; 200 for \$8.50; 300 for \$12.00; 1,000 for \$35.00.

New Paradise

ASPARAGUS

Save a Full Year — Plant This Spring — Harvest The Following Year!

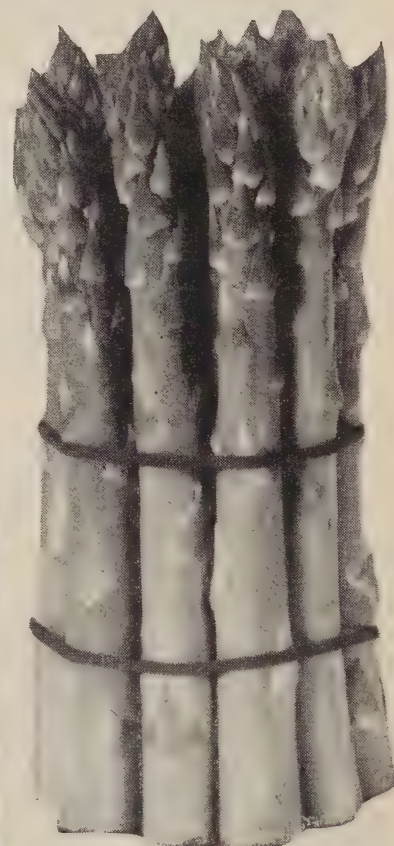

Very large stalks of exceptionally fine quality; unusually heavy producers. A better Asparagus that grows a larger crop a **FULL YEAR EARLIER** and continues to bear heavier crops year after year. Tender, crisp stalks are so large—6 to 8 make a pound. Is a very excellent variety for freezing; this variety is just as tender, green and fine flavored after freezing as it is a few hours after picking. Paradise, like the Mary Washington, is highly resistant to rust. Plant Paradise Asparagus—save a full year. **More profits in less time.** A small bed kept weed free, or a border along the garden edge, will supply an average table for six weeks or more.

MARY WASHINGTON ASPARAGUS

This variety was developed and introduced by the U. S. Dept. of Agriculture. It is rust-proof, early and productive; the heads are solid and compact; stalks often more than an inch in diameter; crisp and delicious.

PARADISE and MARY WASHINGTON

PRICE: 1-Year, 25 for 75c; 50 for \$1.25; 100 for \$2.00; 250 for \$4.25; 500 for \$7.50; 1,000 for \$13.00. 2-Yr., 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.25; 500 for \$11.25; 1,000 for \$19.00. 3-Yr., 12 for \$1.15; 25 for 1.95; 50 for \$3.25; 100 for \$4.85; 250 for \$8.50; 500 for \$14.50; 1,000 for \$25.00.

EVERGREENS

Our small and medium-size Evergreens are shipped roots packed in peat or moss.

Irish Juniper

IRISH JUNIPER. Erect and slender formal and columnar in form. 18-24 in. heavy transplants, \$2.00 each; 2 for \$3.50. Baby size, 8-10 in., 50c each; 2 for 90c.

ANDORRA JUNIPER. A prostrate creeping type very valuable for planting in areas where height is a controlling factor. Silvery-green foliage in the spring and summer, turning at the first touch of frost to a beautiful mauve-pink. Very hardy. 12-15 in. heavy transplants, \$2.00 each; 2 for \$3.75. No baby size in this variety.

UPRIGHT YEW. A fine pyramidal type, with rich, waxy, green foliage characteristic of all Yews. Stands dense shade. 18-24 in. XXX trees, \$4.00 each; 2 for \$7.00; 12-15 in. heavy transplants, \$2.25 each; 2 for \$4.00. Baby size, 6-8 in., 60c each; 2 for \$1.00.

PFITZER'S JUNIPER. Low, spreading type, deep green foliage with grayish cast. Withstands considerable shade. 18-24 in. XXX trees, \$3.50 each; 2 for \$6.00; 12-15 in. heavy transplants, \$2.00 each; 2 for \$3.75. Baby size, 8-10 in., 55c each; 2 for \$1.00.

PYRAMIDAL ARBOR-VITAE. Densely columnar type, compact and erect. Foliage is deep green. Height matured, 12 to 15 feet. 18-24 in. heavy transplants, \$2.25 each; 2 for \$4.00. Baby size, 8-10 in., 50c each; 2 for 90c.

WOODWARD ARBOR VITAE. Most popular globe, retaining shape without trimming. Seldom attains a height of more than 3 feet. Foliage is dense and of deep sea-green shade. 10-12 in. heavy transplants, \$2.00 each; 2 for \$3.50. Baby size, 8-10 in., 60c each; 2 for \$1.00.

COLORADO SPRUCE. The popular Spruce used for specimen plantings. One of the showiest and most impressive Evergreens. Color ranges from deep green to glaucous blue, depending upon the season. Very hardy. 12-15 in. heavy transplants, \$2.00 each; 2 for \$3.75. No baby size in this variety.

SPINY GREEK JUNIPER. This variety forms a tall, beautiful tree; broad base, gradually tapering to a tall, dense, conical head. Color is a fine glaucous blue. 24-30 in. XXX trees, \$3.50 each; 2 for \$6.00. 12-15 in. heavy transplants, \$1.50 each, 2 for \$2.75. Baby size, 8-10 in., 50c each; 2 for 90c.

BIOTA AUREA NANA. A very compact slow-growing type. The flattened leaf-clusters, face outward edgewise. Fresh yellow-green in color. Dwarf, conical form. 18-24 in. XXX trees, \$3.00 each; 2 for \$5.50. Baby size, 8-10 in. only, 60c each; 2 for \$1.00.

BIOTA BONITA. Dwarf growing. Same as Aurea Nana, but foliage is bright green. 18-24 in. XXX trees, \$3.00 each; 2 for \$5.50. Baby size, 8-10 in. only, 60c each; 2 for \$1.00.

SAVIN'S JUNIPER. One of the most beautiful of the spreading evergreens. Rather upright, plume-like branches are densely covered with bright green, short-tufted foliage. Habits similar to Pfitzer's Juniper. 12-15 in. heavy transplants, \$2.00 each; 2 for \$3.75. Baby size, 8-10 in., 50c each; 2 for 90c.

SPREADING YEW (Taxus Cuspidata). Spreading variety. Habit of growth similar to Pfitzer Juniper. Foliage is a shade of dark green, different from other evergreens—rich, waxy, green foliage. May be sheared for a low hedge, trimmed back into close, compact shape, or grown for informal corner planting. Numerous red berries form and hang close to the branches all winter. Thrives in shade or sun. 15-18 in XXX trees, \$4.00 each; 2 for \$7.00. 10-14 in. heavy transplants, \$2.25 each; 2 for \$4.00. Baby size, 6-8 in., 60c each; 2 for \$1.00.

Dianthus Spr. Beauty

Scabiosa Caucasica

Hardy Carnation

Golden Achillea

Lychnis

Pink Baby's Breath

Ageratum Blue

Armeria, Glory of Holland

Shilka Iris

GOLDEN ACHILLEA. A hardy plant which attains a height of 4 to 5 feet with many stems, each stem being topped by large, flat, clustered bloom 4 to 5 inches across. Color is a brilliant yellow. Start blooming in June and continue through into Sept. Field-grown plants, 45c each; 3 for \$1.20; 6 for \$2.10.

DIANTHUS, SPRING BEAUTY. No garden is complete without this delightful Hardy Pink. Double giant flowering carnation-like in form and size with beautiful color range. Very fragrant. Excellent cutting flower. Strong, field-grown plants, 35c each; 6 for \$1.80; 12 for \$3.00.

PINK BABY'S BREATH. Established plants, reach a height of about 2 feet, and are in bloom throughout the summer and fall. Foliage is a fine blue-green and very graceful. Flowers are of a delicate pink. Ideal for cutting. Strong, field-grown plants, 45c each; 3 for \$1.20.

COREOPSIS, DBL. SUNSET. A profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Very hardy and easy to grow. Note photo at left. Attains a height of about 2 feet. Strong, field-grown plants, 35c each; 3 for 90c; 6 for \$1.50.

HARDY AGERATUM (Eupatorium Coelestinum). A grand plant, making a valuable addition to the perennial border. Grows 12 to 14 inches tall, producing lovely, lavender-blue flowers in abundance from August until frost. An excellent variety for cut flowers. Strong, field-grown plants, 35c each; 3 for 90c; 6 for \$1.75.

SCABIOSA CAUCASICA (Isaac House Hybrids). Lovely, lavender flowers on 18 to 24-inch stems from June to September. Hardy. Excellent for cut flowers. Strong, field-grown plants, 45c each; 3 for \$1.20; 6 for \$2.10.

ARMERIA, GLORY OF HOLLAND. Large, fluffy balls of clear, deep pink, about 2 inches in diameter, are produced on the tip of each stem. Blooms all summer. Valuable for cutting. Strong, field-grown plants, 50c each; 3 for \$1.35.

HARDY CARNATIONS. Exotically perfumed flowers in great abundance all summer. Large flowers. Choice of Pink, Red, White or Yellow. State color wanted. Strong, field-grown plants, 25c each; 6 for \$1.35.

LYCHNIS CHALCEDONICA (Maltese Cross). This old-fashioned flower is one of the brightest plants in the hardy perennial border. Dense heads of vivid scarlet flowers all summer. A grand border plant, attaining a height of about 3 feet. Strong, field-grown plants, 35c each; 3 for 90c.

SHILKA IRIS. (The Everblooming Poor Man's Orchid). Blooms are oddly shaped; many come double. Lovely, delicate hues of superb blue and purple, mingled with cream and white. Extremely hardy and blooms from late June on into July for about a month. Strong, field-grown plants, 35c each; 3 for 90c.

Perfect Framework for Your Garden

Veronica

VERONICA, Blue Spire (Spicata). The most dependable of the Veronicas. An unusual shade of blue, comparable with the cool blues found in deep pools of the Western Lakes—a violet blue. Beautiful blue spires will light up your garden during July and August. Hardy, increases in strength and beauty each year. Excellent for cutting. About two-foot tall, especially good in the foreground of a perennial border. **Strong, field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.80.**

PHYSOSTEGIA, Summer Glow. (False Dragonhead). A very fine hybrid in the False Dragonhead family. Colorful, clustered, 18-inch spikes in rosy-crimson on towering 4 ft. stems. In full flower in mid-August. Splendid for backgrounds or cut flowers. **Strong, field-grown plants, 35c each; 3 for 90c; 6 for \$1.25.**

SWEET WILLIAM. Popular garden flower, showing a wonderful array of vivid colors in fancy patterns. Flowers are colored, clustered and shaped much like Phlox, the markings being more sharply defined. Blooms from late spring and practically throughout the entire summer. **Strong, field-grown plants, 30c each; 3 for 80c; 6 for \$1.50.**

PLATYCODON, BLUE. (Blue Balloon Flower). Large, deep-blue, bell-shaped or broadly cup-shaped flowers, growing 1½ to 2 feet tall. Handsome, dark green foliage. Very hardy. Will do well in both sun and shade and will grow on any well-drained soil. Blooms July and August. **Field-grown plants, 35c each; 3 for 90c; 6 for \$1.50.**

FEVERFEW (Matricaria). A most useful dwarf edging plant. Fine double white flowers resembling tiny pompon Chrysanthemums. Very free flowering from June until October. **Field-grown plants, 35c each; 3 for 90c.**

BLUE FLAX (Linum Perenne). Delightful, heavenly-blue flowers are produced all summer long, May through August. Attractive, graceful foliage of a bluish hue. Ideal for borders and rock gardens. Hardy. **Field-grown plants, 35c each; 3 for 90c; 6 for \$1.50.**

TRITOMA HYBRIDS. Heretofore the Red Hot Poker has been known generally as a brilliant orange-red, fall-flowering plant. These new Hybrids come in various colors ranging from pale yellow to deep orange, very showy—**no particular color can be guaranteed.** Mid-season blooming. Light up your Perennial border with these novel flowers. **Field-grown plants, 40c each; 3 for \$1.10; 6 for \$2.00.**

PYRETHRUM DBL. FLW. PAINTED DAISY. No other variety can compare with these for size, form and brilliant coloring. Beautiful chrysanthemum-like flowers on long stems, in practically all shades of red. Long blooming season. Especially fine for cutting. **Strong, field-grown plants, 35c each; 3 for 90c.**

SHASTA DAISY, Dbl. Diener Strain. Unusual and beautifully shaped flowers with lacinated curled and quilled petals of pure white. The flowers are large and are carried on long wiry stems. Very hardy. **Field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.80.**

LYTHRUM (Carmine Prince). This new Morden's Lythrum is indeed an outstanding perennial. It grows into a neat symmetrical plant 3 feet tall, with graceful spikes of bright rosy-red flowers. A continuous bloomer from early summer to frost. Excellent for cutting—the more you cut the more it blooms. Very hardy. Thrives in all soils, in sun or part shade. **Field-grown plants, 40c each; 3 for \$1.00.**

Bleeding Heart

Double-Flowering Hollyhock

Canterbury Bells

BLEEDING HEART (*Dicentra spectabilis*). Hardy old favorite with heart-shaped, rose-colored flowers in drooping spikes. Field-grown plants, with 3-5 eyes, 60c each; 3 for \$1.65.

DELPHINIUM (Pacific Hybrids). Giant stalks 4 to 6 feet tall, bearing enormous flower spikes. Individual blooms are double to semi-double; exceptionally large, often measuring 2 inches across. Delightful shades of blues, lavenders, and mixed colors. Free blooming and hardy. No color guaranteed. Field-grown plants, 35c each; 3 for 90c; 6 for \$1.75; 12 for \$3.25.

DOUBLE-FLOWERING HOLLYHOCKS. A new Chater's Hybrid strain, of an old favorite garden flower. Fully double flowers of exquisite colors. They are so pretty they scarcely look real. An excellent variety for a colorful background; grow four to five feet tall. Hardy, and easily grown. Bloom during June and July and often into Aug. Being hybrids, they come only in mixed colors, and we cannot guarantee any specified color. Field-grown plants, 30c each; 3 for 75c; 5 for \$1.00.

CATANANCHE—*Caerulea major*. (Blue Cupid's-dart). Bright, deep violet-blue flowers, 2 inches in diameter. These beautiful double flowers are borne on 1½ ft. stems, in great profusion from July to frost. Fuzzy silver foliage. Silver buds and seed pods. Field-grown plants, 45c each; 3 for \$1.20.

CANTERBURY BELL. Plants attain 2½ feet in height, profusely covered with large, bell-shaped flowers. Bloom May to July. Beautiful array of color, ranging from white, pink, rose, through all shades of blue and purple. No color guarantee, for we furnish these in mixed only. Field-grown plants, 35c each; 3 for \$1.00; 6 for \$1.80.

AQUILEGIA (Long-spurred Hybrids). One of the best perennials. Dainty, showy and desirable as cut flowers. Bloom in June and July. Prefers partial shade. A fine mixture of all shades. Field-grown plants, 35c each; 3 for 90c.

RUSSELL LUPINES. Tall spikes of bloom, often 3½ feet high, from June to September. Flower spikes resemble a closely set, well-rounded column of sweet peas. A vast range of color. A most superior strain. Field-grown plants 45c each; 3 for \$1.25; 6 for \$2.25.

Cushion Chrysanthemums

CHRYSANTHEMUMS

New Cut-Flower "Mums"

These hardy, cut-flower "Mums" are all the erect growing type; the varieties we are supplying are so new they have not been named. We have made thousands of crosses among hardy Mums and these varieties are the results of this hybridizing. All varieties bloom in clusters or sprays carrying 4 to 5 flowers. The individual flowers are about an inch and a half in diameter and double to the center. These are especially excellent for cut flowers, due to their long, erect stems. These varieties come in pure white, bronze, yellow, pink and red. Specify color wanted.

PRICE: Strong plants, 50c each; 3 for \$1.25.

CUSHION CHRYSANTHEMUMS. Imagine a perennial which produces hundreds of blooms at one time. Customers have reported as many as 500 to 700 blooms on one well matured bush at one time. These beautiful, showy "Mums" make a rounded, compact bush of immense size, producing hundreds of flowers at one time, and bloom continuously from August to Thanksgiving. Hardy and easy to grow.

We offer these in **BRONZE, PINK RED, WHITE** and **YELLOW.** Specify color wanted. Strong, field-grown, plants, 35c each; 3 for 90c; 6 for \$1.50.

Glorious HARDY PHLOX

We are offering 10 of the newest varieties below, selected of the hundreds of kinds grown today. All strong, field-grown plants, which will bloom this summer.

Price: All varieties listed, 35c each; 3 for 90c, not prepaid.

BLUE BOY. The most blue of all Phlox. **BRIGHT EYES.** New bright rose pink, dark red eye.

CHARLES CURTIS. Brilliant orange-red, which might be called Sunset-red. Does not fade with age. Unusually large flower heads.

CHIEFTAIN. Dark red. Flowers large and striking.

EVA FORRESTER. Bright salmon rose, white eye. Dwarf growing, exceptionally large trusses, and an early bloomer.

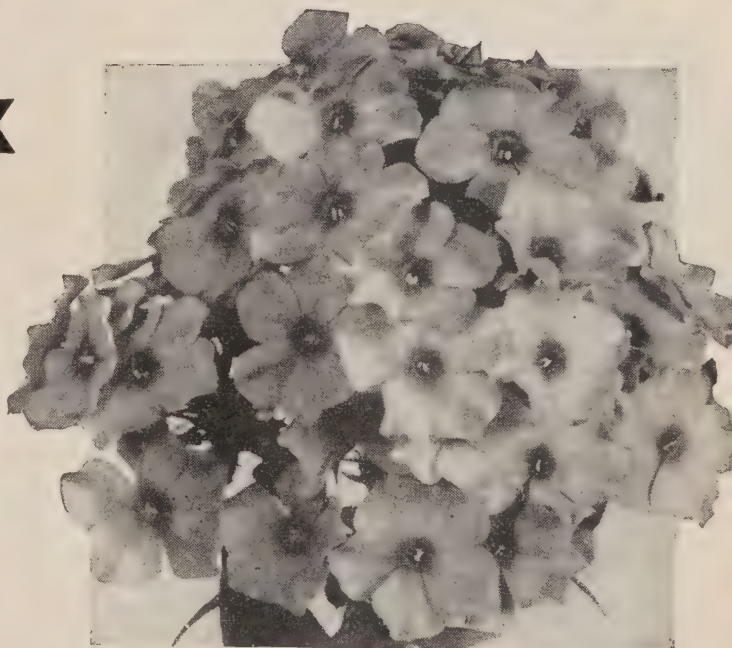

MARY LOUISE. Pure white of unusually large size—individual flowers are twice as big as other white Phlox.

PRIME MINISTER. A good white with red eye. Strong grower.

ROSY BLUE. This is one of the finest in this color grouping—soft lavender-blue with delicate pink undertones—never a sign of objectionable purple or violet tinting. Well-filled, symmetrical heads with unusually large individual florets. Tall grower and early bloomer.

ROYAL PURPLE. Rich purple, deep at the edges, shading to violet in center of petals, then deep reddish purple at eye. Early bloomer.

SWEETHEART. Truly a beauty! Large, flower heads of deep salmon-pink.

CANNAS

Plant these delightful flowers in beds or a border and you will have a brilliant display of color all summer and fall. Plant 18 inches apart each way. Plant in full sunlight, and do not plant too early. We supply large, individual tubers which will grow quickly and produce an abundance of bloom. We have selected five of the best kinds grown today, as follows:

COPPER GIANT. Tall. New! Giant flowers, old rose suffused with burnished copper; green foliage.

HUNGARIA. One of the finest pinks; green foliage.

KING HUMBERT. Tall; scarlet flowers; bronze foliage.

PRESIDENT. Glowing scarlet, extra large trusses of brilliant color; green foliage.

RICHARD WALLACE. Medium. Canary-yellow flowers; green foliage.

PRICE: All varieties listed, 3 for 75c; 6 for \$1.35; 12 for \$2.25; 25 for \$3.50. Not prepaid.

WELL BRANCHED SPECIMENS ~ GREAT VALUES

RECIPE FOR MORE BIRDS

ANY SHRUB ON THIS PAGE

45c each; 3 for \$1.20

(Except as noted after description)

RED CHOKEBERRY. Pretty, white flowers in April and May, with bright red berries and foliage in autumn. Grows to 6 feet at maturity. Attracts dozens of birds.

REDTWIG DOGWOOD. One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height. 93 kinds of birds eat the fruit of this Dogwood.

WHITE SNOWBERRY. A desirable shrub with small, pink flowers, followed by large, white, wax-like berries which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall. Untold numbers of birds enjoy the berries of this shrub.

HONEYSUCKLE, TARTARIAN PINK. Bright pink flowers, followed by red berries in the fall. Bushy, upright. Grows 8 to 10 feet high. The berries of this shrub are known to be eaten by 118 kinds of birds.

RED SNOWBERRY. Often called Coralberry or Indian Currant. Similar to White Snowberry but with red berries. 53 species of birds feed on these berries.

HANSEN'S BUSH CHERRY. An ornamental shrub producing delicious fruit! Snow-white flowers in early spring, followed by fruit as large as any sweet cherry, but plum-shaped; good flavor—delicious to eat from the bush, fine for sauce, jams and jellies. Very hardy. Grows 4 to 5 feet tall. Enjoyed by 118 kinds of birds. 2-Yr., 18-24 in., 45c each; 3 for \$1.20. 3-Yr. bearing-age bushes (fruited this summer), 75c each; 3 for \$2.00.

RUSSIAN OLIVE. Rugged, tree-like shrub, growing 10 to 12 feet high. Foliage is a beautiful silvery gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant, followed by ornamental yellowish-brown fruits with silver scales. Highly recommended for tall hedges to hide undesirable views.

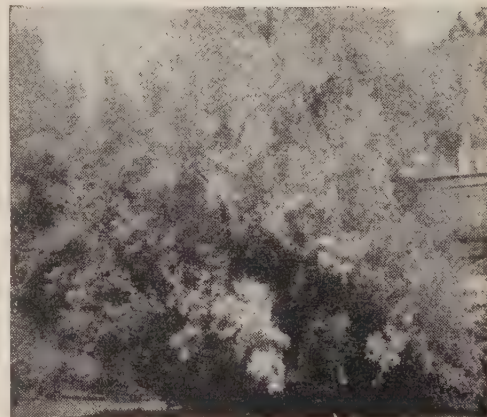

The Department of Agriculture estimates that insects do over a billion dollars' damage a year to our crops, while the value of birds in combating these insects is over 300 million dollars. Besides their value in destroying insects, many species help in keeping down weeds. Offer the birds board and lodging by planting berry producing shrubs, and you will have a host of willing helpers, working tirelessly for you throughout the whole year.

Insect-eating birds flock to farms where a side dish of brilliant shrub and tree berries has been planted.

Any Shrub on This Page 45c each; 3 for \$1.20
(Except as noted after description)

ALTHEA (Rose of Sharon). Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. Your choice of pink or red. All double flowering.

SPIREA CALLOSA ROSEA. A dwarf variety, growing 24 to 30 inches high, which produces large, flat clusters of reddish pink flowers nearly all summer. Very handsome foliage. If flowers are removed as they fade, it will cause the plant to keep up a continuous bloom throughout the entire summer and early fall.

WEIGELA HENDERSONI. Beautiful, rosy-carmine, trumpet-shaped flowers in May and June. Grows About 4 to 5 feet tall. Healthy foliage, easy to grow.

SIBERIAN PEA SHRUB. Tall shrubs, 10 to 12 feet high, with bright green, compound leaves and many small clusters of yellow flowers in May and June. Useful for group or background planting. Hardest and best hedge shrub for the Northwest.

DEUTZIA, PRIDE OF ROCHESTER. Large, white flowers tinged with rose. Profuse bloomer. Very hardy. Grows 6 to 8 feet tall. Useful for specimens or background.

PURPLE LILAC. It is hard to outclass this old-fashioned purple Lilac. Early prolific bloomer, very fragrant. Very fast grower.

FORSYTHIA. Earliest blooming. Lights up the garden with masses of yellow flowers, often before the snow is gone. Tall grower.

MOCK ORANGE (Philadelphus Coronarius). Tall, hardy and vigorous. Blooms in May, in graceful sprays of large, white, fragrant flowers. Grows 8 to 10 feet tall.

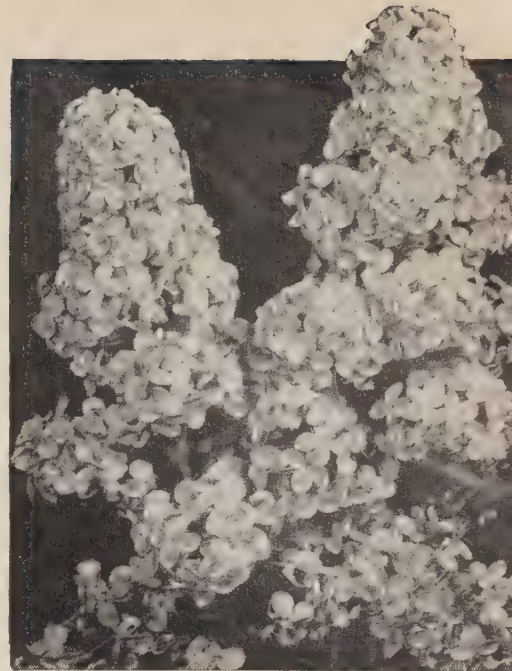

WEIGELA ROSEA. Beautiful pink, trumpet-shaped flowers, May to June. Grows 5 to 6 feet tall. A good shrub; good flowers, good foliage, easy to grow. Similar to Hendersoni described above, but blooms are pink instead of carmine.

ROSE-ACACIA (Moss Locust). Elegant shrub, with light green pinnate leaves, and long, graceful clusters of pea-shaped, rose-colored flowers in June and often later. An attractive addition to any planting. 4 to 5 feet at maturity.

SPIREA VAN HOUTTEI. The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping. Well branched. 2-year, 18-24 in. bushes, 20c each; 6 for \$1.00; 12 for \$1.85. Heavy, 2-3 ft. bushes, 30 each; 6 for \$1.60; 12 for \$3.00; 50 for \$11.00.

Colorful-Inexpensive BEAUTIES

TAMARIX AFRICANA

Tall shrub, 8 to 10 feet high, with fine, feathery foliage and small, bright pink flowers, in slender racemes in April and May. Splendid for planting in damp or other places. Ideal for tall hedges. 2-Yr., 2-3 ft. shrubs, 45c each; 3 for \$1.20.

DEUTZIA, CRENATA ROSEA

Here is a Deutzia that is different, and one which should be included in every planting. Beautiful, double pink flowers thickly stud the graceful upright branches in May. Matures to 3 to 5 ft. 2-Yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

BLUE ALTHEA

A rather scarce color in flowering shrubs. Has charming, large, single flowers of deep blue shade with a crimson eye. Blooms freely from early summer to late fall. 2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.

Tamarix Africana

Blue Althea

WITCH HAZEL

(Hamamelis Vernalis)

Flowers in the winter. In January, February and March, great masses of orange and yellow bloom. Rarely exceeds 6 feet in height. Hardy, sweetly fragrant. An excellent shrub for border planting or individual specimens. 2-Yr., 18-24 inch shrubs, 60c each; 3 for \$1.65.

SPIREA BILLARDI ROSEA

A distinct variety of the Spirea family. Long, lacy, conical spikes of rose-pink flowers from June to August. Hardy. Matures 4 to 5 ft. Covered with beautiful, bright pink bloom during the entire summer. 2-Yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

SPIREA YELLOW NINEBARK

This is a very vigorous Spirea. Striking white blooms. The leaves of this variety are a golden yellow, changing to a golden bronze in the autumn. After the flowering season is over, the flowers are followed by orange colored peapods. Matures 5 to 6 ft. 2-Yr., 18-24 in. shrubs, 45c each; 3 for \$1.20. 2-3 ft. shrubs, 55c each; 3 for \$1.50.

YELLOW WEIGELA

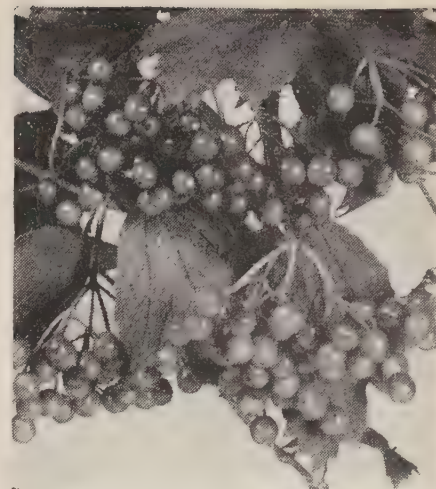

(Diervilla Lutea). A very attractive and desirable Shrub. An uncommon Weigela with pure yellow flowers. Foliage has a decidedly reddish cast during the summer, becoming more pronounced in the fall. 2-Yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

Spirea Billardi Rosea

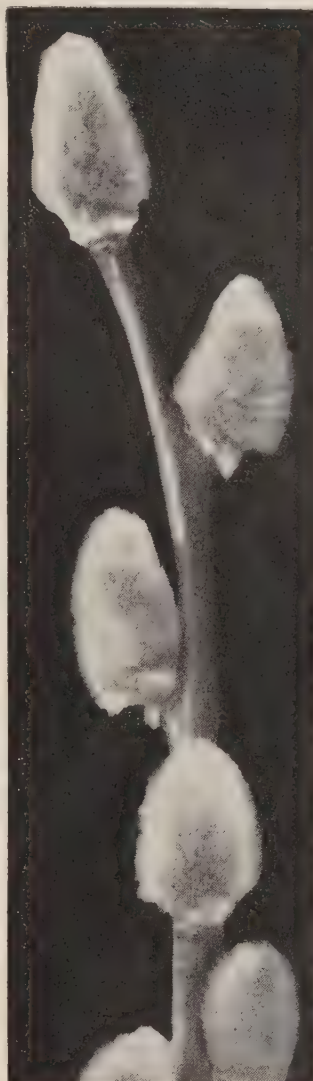

Unusual and CHARMING SHRUBS

HIGHBUSH CRANBERRY (*Viburnum Opulus*). Magnificent shrub, of upright spreading form, with smooth, light gray branches and broad, oval, 3-lobed, bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 10 feet tall. **2-Yr., 18-24 in. shrubs, 50c each; 3 for \$1.35.**

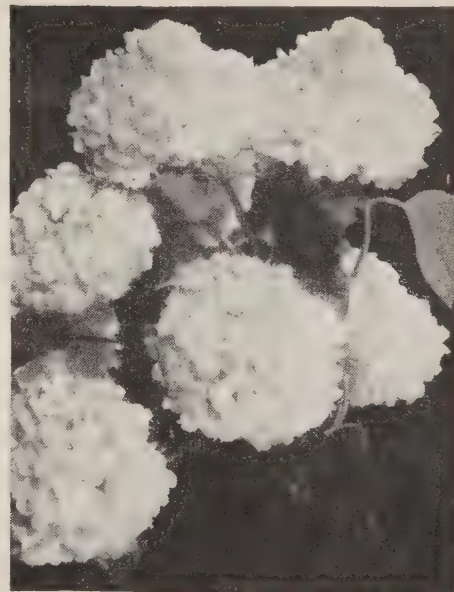

Highbush Cranberry

FRENCH PUSSY WILLOW (*Salix Dicolor*). A large tree-like shrub with long, narrow leaves. Its popular appeal is the conspicuous silky catkins which bud in the fall and make such delightful, springlike bouquets just as the snow is melting away. **2-Yr., 2-3 ft. shrubs, 45c each; 3 for \$1.20.**

Pussy Willow

SNOWBALL, Common (*Viburnum Opulus Sterile*). The well-known favorite, prized by every gardener. It is really one of the prettiest grown. It has immense globular clusters of flowers in May and June; grows 9 to 11 feet high. **2-Yr., 18-24 in. shrubs, 65c each; 3 for \$1.80.**

Snowball

PERSIAN PURPLE LILAC. A decided improvement over the common Lilac. A shrub with slender, arching branches, attaining a height of 8 to 10 feet. The foliage is small, the flowers bright purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. **2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.**

HYDRANGEA P. G. Use this variety for showy bloom and elegant effect. This lovely, showy shrub produces in abundance during August and September, clusters of white flowers which gradually change to pink. Valuable for winter decorations if flowers are allowed to dry on bush. Useful for foundation planting or for massing in borders. Hardy, easy to grow and blooms the first season planted. **2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.**

SPIREA PRUNIFOLIA. (The True Old-Fashioned Bridalwreath). Small tight pure-white blossoms borne in great profusion in early spring. Glossy, round green leaves during the summer, which turn to pleasing shades in autumn. Tall, upright growing shrub, reaching a height of 8 feet when fully matured. Very hardy. **2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.**

AMERICAN HOLLY (*Ilex Opaca*)

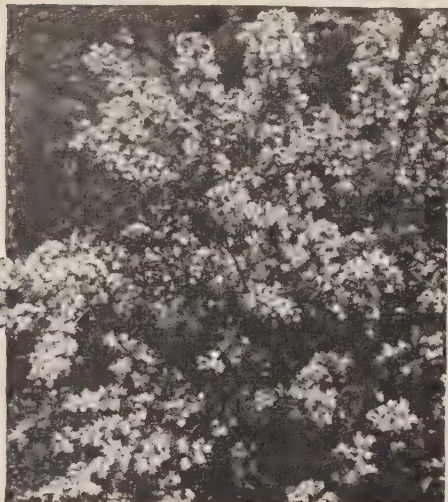

An evergreen tree which has been acclimated to northern states. A moderate grower with spreading, short branches tapering upwards to a narrow head. Broad, oak-like, shiny evergreen leaves with spiny teeth. Bush is covered with red berries in the fall, which remain on the branches nearly all winter. Prefers an acid soil. Field-grown, 15-18 in. shrubs, 95c each; 3 for \$2.70.

American Holly

WEIGELA FLORIBUNDA

A beautiful, comparatively new shrub, with large, showy red flowers appearing in profuse clusters and almost hiding the glossy green leaves. Commences blooming early in spring, and continues all summer. This attractive shrub should be in every border planting. Grows 4 to 5 ft. tall. 2-Yr., 18-24 in. shrubs, 65c each; 3 for \$1.80.

Weigela Floribunda

HYDRANGEA A. G. (Hills of Snow)

Large, flat clusters of white blooms from June to September. The most hardy of the Hydrangeas and especially useful for shady places. Excellent for solid low borders or in foundation planting. Very popular shrub. Fine, 12-18 in. shrubs, 60c each; 3 for \$1.65.

Hydrangea A. G.

DEUTZIA LEMOINEI

This is one of the beautiful hybrid Deutzias and it is particularly desirable as a specimen shrub because of its graceful habit and its profusion of bloom. It blooms about the middle of May and the masses of white flowers which are borne in thickly clustered panicles are very showy and attractive. Seldom attains a height of more than 3 to 4 feet. 2-Yr., 18-24 in. shrub, 65c each; 3 for \$1.80.

CALYCANTHUS

The sweet-scented Shrub or Strawberry Shrub; also called Chocolate Shrub and Carolina Allspice. Flowers very double, a brownish purple in color, and deliciously fragrant. Blooms nearly all summer and is one of the most desirable shrubs; even the roots are very fragrant. Attains a height of 8 to 10 feet. 2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.

Calycanthus

NEW OKA CHERRY

One of Prof. N. E. Hansen's newest and best Cherry-Plum introductions. Early bearing—very hardy—delicious flavor—prolific. Dwarf bush habit;

Oka Cherry Blossoms

bears from the ground up. Showy blooms followed by full crop of fruit. Fruit is about one inch in diameter, purplish black skin and flesh. Very sweet. Ripens late July. Delicious to eat, for jelly and jam. Plant near your Plum trees. 2-Yr., 7-9/16 in., 4-5 ft. bushes, \$1.25 each; 3 for \$3.25; 6 for \$6.00.

Oka Cherry

Here's Inexpensive Beauty For You

CHOICE BUDDLEIAS

For delicate coloring, for their long blooming period, for hardiness and general dependability, these beautiful Buddleias described below are unexcelled. All perfectly hardy.

Dubonnet. A gorgeous color, similar to that of the famous French Wine, Dubonnet. Glows a true red in sunlight. Of erect growth, strong-stemmed; firm, cylindrical spikes. **Fine, 2-year plants, 55c each; 3 for \$1.50.**

Blue Empress. A beautiful new Buddleia which produces an abundance of gorgeous, delicate, lilac-blue sprays of bloom from midsummer until late fall. The well-filled, compact spikes are borne on strong stems; bushy shrubs attaining a height of 3 to 4 feet. **Fine, 2-Yr. plants, 65c each; 3 for \$1.80.**

Pink Charming. Elegant, long sprays of beautiful pink blooms—often 12-15 inches long. Produces a bushy plant 5 feet high. **Fine, 2-Yr. plants, 65c each; 3 for \$1.80.**

Red Glory. A truly red variety. See page 36 for description. **Fine, 2-Yr. plants, 65c each; 3 for \$1.80.**

SMOKE TREE (Rhus Cotinus). **Purple Fringe.** Unique, spreading, tree-like shrub with large leaves. Overhung in midsummer by cloud-like masses of mistlike flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a single specimen on the lawn, or to mass with tall shrubs. **2-Yr., 18 in. shrubs, 60c each; 3 for \$1.65.**

PHILADELPHUS VIRGINALIS. Has very large, sweetly scented, pure white flowers in clusters of six or seven; closely resembles a bride's bouquet of orange blossoms. Single flowers on 1-year wood, double flowers on 2-year wood. 8 ft. at maturity. **2-Yr., 18-24 in. shrubs, 65c each; 3 for \$1.80.**

CHASTE TREE. (Vitex macrophylla). Lovely lavender-blue flowers. A color rare in hardy shrub. Blooms from July till frost. Succeeds anywhere; grows 6 feet tall. **2-Yr., 18-24 in. shrub, 60c each; 3 for \$1.50.**

BEAUTY BUSH. (Kolkwitzia Amabilis). Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny, rose-colored buds are fascinating, hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year round and perfectly hardy. **2-Yr., 18-24 in. shrubs, 60c each; 3 for \$1.65.**

TAMARIX HISPIDA. Graceful, feathery silvery green foliage. A profusion of pink flowers during August and September—bloom panicles 9 to 12 inches long. Fine for bouquets. 6 to 8 feet at maturity. **2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.**

ABELIA GRANDIFLORA (Glossy Arbutus). Dainty, bell-shaped, white and pink flowers from early spring until frost. Shiny, practically evergreen leaves look as though they had been waxed. About 5 feet at maturity. **2-Yr., 18-24 in. shrubs, 75c each; 3 for \$2.00.**

The Beautiful Red Honeysuckle. Very compact, erect, well-formed bush maturing to 7 feet. Produces beautiful red flowers, which are followed by brilliant red fruits in late summer. Very hardy. 2-Yr., 18-24 in. shrubs, 55c each; 3 for \$1.50.

RED JAPAN QUINCE

The Red Firebush! Very early in the spring, this fine, attractive shrub is completely covered with dazzling orange to scarlet flowers, followed by small, fragrant, quince-shaped fruits. Foliage dark, glossy green. Very desirable for single specimens, also for hedges. Grows 5 to 7 feet tall. 2-Yr., 18-24 in. shrubs, 45c each; 3 for \$1.20.

Red Japan Quince

Weigela,
Bristol Ruby

WEIGELA, BRISTOL RUBY

U. S. Plant Patent No. 492.

The Best Red Weigela Grown—Flowers Throughout Summer and Fall!

Hardier and more vigorous than all other red Weigelas; makes a shapely, thrifty plant with attractive rich green foliage. Color of bloom is a soft ruby-red shading to garnet-crimson. Attains a height of 6 to 7 feet at maturity; requires very little pruning because it flowers well from old wood; no die-back or uneven growth.

Price: 2-Yr., 15-18 in. shrubs, \$1.25 each; 3 for \$3.50. Net, no discount.

PINK FLOWERING ALMOND

The shrub is a cloud of tiny rose-like blooms before leaves appear. Early spring-flowering shrub. Growth dwarf and bushy, compact with slender branches. Flowers are a rosy-pink, generally fully double, set close to the wandlike branches. Very hardy. 2-Yr., 24-30 in. shrubs, 70c each; 3 for \$1.95.

Pink Flowering Almond

Viburnum Burkwoodi

Pieris Japonica-Andromeda

Azalea Mollis

REAL Aristocrats

HARDY AZALEAS

Strikingly beautiful—a mass of color during May. For brilliant coloring, profusion of bloom and various uses, there are few, if any shrubs that can rival the Azalea. Hardy. Grow to 3 feet high, and do well in both sunny and partially shaded locations. Prefer an acid soil. We offer 3 varieties, as follows:

Azalea Mollis. Assorted colors of yellow, terra-cotta, apricot and golden salmon. No guarantee as to color as they are hybrids. Fine 18-24 in. shrubs. "THIS VARIETY NOT INCLUDED IN BARGAIN." \$1.60 each; 3 for \$4.25.

Azalea Altaclarensis. Considered the finest orange-yellow in existence. Trusses of molten gold open to a glorious pure yellow. Fine 6-10 in. bushes, \$1.00 each; 3 for \$2.75; 10-15 in., \$1.50 each; 3 for \$4.00.

Azalea Babeuf. Brilliant orange-red flowers. Fine 6-10 in. bushes, \$1.00 each; 3 for \$2.75; 12-18 in. bushes, \$1.60 each; 3 for \$4.25.

BLUE HYDRANGEA

Loveliest Novelty Ever Introduced. Immense blooms of most charming blue color imaginable. Flowers in great profusion. Blooms pink flowers on the one-year stems, followed by blue on the two-year wood. Cover in winter to protect from frost. Prefers an acid soil. Fine plants out of 3-inch pots, 6-10 inch in height, 90c each; 3 for \$2.50.

VIBURNUM CARLESI

(The Pink Snowball). Produces delicate, spice-scented flowers in May and June. The buds are pink, opening into clusters of pure white. The large flowers preserve their form and purity of color an unusually long time. Bush is low growing and of rounded form. Fine plants, out of 3-inch pots, 75c each; 3 for \$2.00.

VIBURNUM BURKWOODI

(Improved Carlesi). Fragrant blooms are a blush white and form round, domed clusters; fragrance is like Gardenia. Attains a height of about 6 feet. Foliage brilliant in autumn and dark green in summer. Fine plants out of 3-inch pots, 75c each; 3 for \$2.00.

PIERIS Japonica-Andromeda

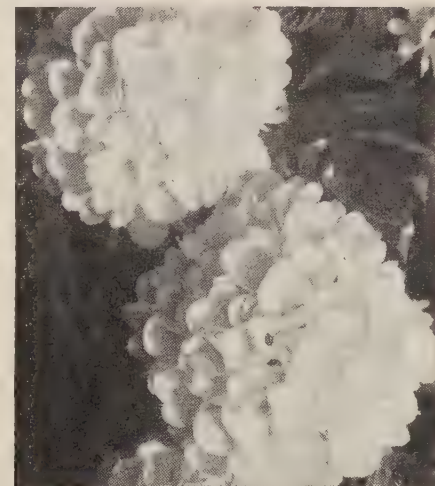

(Lily-of-the-Valley Shrub). One of the loveliest and most unusual shrubs in our collection. The graceful sprays of flower buds are formed in the autumn at the time when foliage assumes glorious red and bronzy hues. But it is not until early spring that the buds open into creamy white flowers resembling lilies-of-the-valley. Attains a height of about 5 feet when matured. Will do well in half shade or full sun. Protect during the winter in cold climates. Fine, 18-in. shrubs, \$2.00 each; 2 for \$3.50.

JAPANESE SNOWBALL

(Viburnum Tomentosum). Known as Double-File Viburnum due to the fact of its unusual flower arrangements—its wheel-like clusters ringed with dazzling white flowers with spidery sunburst centers, are borne on the upper side of the branches in two rows, which creates an interesting effect. Its dark green leaves turn to a gorgeous crimson in autumn. It is of upright habit, with wide-spreading, horizontal branches. Not as susceptible to aphids as the common Snowball. Blooms late May. Very hardy. 2-Yr., 18-24 in. shrubs, 80c each; 3 for \$2.25.

PINK WEEPING WISTERIA

A rare Wisteria with pink flowers that are more lovely than any picture can illustrate. Hundreds of graceful clusters of exquisite pink throughout the summer. Very hardy. Our plants are from blooming wood, so you may be sure your plants will bloom (usually the second or third year after planting).

PRICE: 2-Yr. vines, from blooming wood, \$1.10 each; 3 for \$2.95.

DAPHNE CNEORUM

(Garland Flower)

Very dwarf shrub, with spreading branches covered with blue-green leaves. Almost evergreen. Each branch and stem is tipped with dense clusters of rose-pink, deliciously fragrant flowers, in April and May, and at intervals during the summer. Hardy but should be given a sunny location in northern states.

PRICE: Strong plant, from 3-inch pots, \$1.00 each; 3 for \$2.70.

RED GLORY BUDDLEIA

Produces armloads of graceful 12- to 15-inch racemes of gorgeous ruby-red flowers from July until late fall. Attains height of 5 to 6 feet the first year. Hardy; will live for years. One of the finest red varieties ever offered.

Fine 2-Yr. plants, 65¢ each; 3 for \$1.80.

See page 33 for additional varieties of Buddleia.

- 1 Red Cape Myrtle

\$2.50

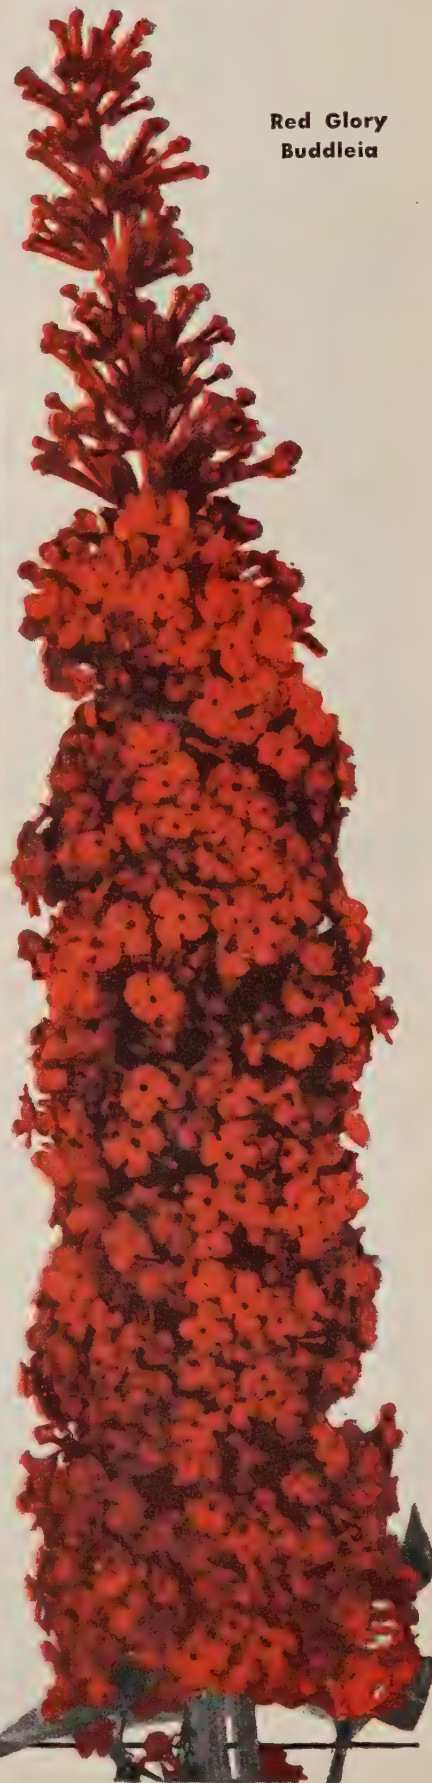

Net, not prepaid

HARDY RED CRAPE MYRTLE

This plant, which is so much a part of Southern Beauty, is now available in hardy form for those of us in more northern climates. Habits similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring, and flowers in the summer. The flowers are a beautiful watermelon-red.

PRICE: 18-24 in. shrubs, 75¢ each; 2 for \$1.30; 4 for \$2.40.

Red Glory Buddleia

CLIMBING VINES

CLEMATIS

Clematis Jackmani. Immense flowers of an intense violet-purple color continuously throughout the summer. As with all Clematis, make certain the collar of the plant is set 2 to 3 inches below the surface of the soil. Strong plants, out of 2½-inch pots, about 12 in. top, 85c each; 3 for \$2.40.

Clematis Mme. Edouard Andre. Flowers as large as Jackmani and a rich, deep, rosy red. Very free flowering, and a continuous bloomer. Strong plants, out of 2½-inch pots, about 12-inch top, 85c each; 3 for \$2.40.

Clematis Lawsoniana. Most prolific bloomer of all! June to September. Marine-blue, pink overtone. Large, overlapping petals. Strong growth. Strong plants, out of 2½-inch pots, about 12-inch top, 85c each; 3 for \$2.40.

HALL'S JAPAN HONEYSUCKLE

Strong, vigorous vine, with pure white flowers changing to yellow. Fragrant blooms all summer. 2-Year vines, 30c each; 3 for 85c.

FLAMING BEAUTY HONEYSUCKLE

The Wonder plant of the Century. Everblooming. A lonicer that will fill that long-felt need of a variety that will produce continuous bloom. Blooms all summer with beautiful red flowers. Very highly scented. Wonderful foliage. We feel sure you will not regret placing several of these in your order. 2-Yr. vines, 55c each; 3 for \$1.50.

CHINESE PURPLE WISTERIA

Elegant and very rapid growing. Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. 2-Year, choice specimens, from blooming wood, 65c each; 3 for \$1.75.

PINK WEEPING WISTERIA

(See page 36).

SILVER LACE VINE

Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose, of exquisite effect. Blooms late summer and fall. Strong, 2-yr. vines, 60c each; 3 for \$1.55.

BOSTON IVY

One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. 2-year vines, 55c each; 3 for \$1.50.

KUDZU VINE

Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in August. Rosy purple, pea-shaped flowers, in small racemes. 2-year vines, 35c each; 3 for 90c.

SURE TO FRUIT BITTERSWEET

(Celastrus Loeseneri). Chinese Bittersweet. The most prolific fruiting variety known. The ordinary Bittersweet often fails to fruit. In this variety we offer you a Bittersweet that always fruits. Even one vine if planted alone will fruit, but we recommend that you plant two close together and take advantage of the resulting cross pollination. It's worth it. This rare species was imported from Central and Western China. The leaves are a glaucous green and somewhat larger than those of the common Bittersweet. It grows rapidly in any kind of soil, in sun or partial shade. In autumn yellow and orange-scarlet berries cover the vine all over instead of in occasional small clusters as in the common kind. Excellent for late fall and winter bouquets.

Strong vines, 80c each; 2 for \$1.50.

"FESTIVAL"

U. S. Plant Patent No. 545

A Bright Scarlet, Thornless Sport of the Famous "E. G. Hill." Has retained the excellent growing habits and prolific blooming qualities of its ancestor, but has added the NEW QUALITY of having CANES FREE from THORNS! Produces large, double 42-petaled, bright-red blooms. Canes are as smooth as the branch of a Willow. Think of it, you can now work among your roses or pick a bouquet of flowers without getting your arms scratched or thorns in your fingers!

The introducer paid the owner of the plant patent on this remarkable rose the sum of \$10,000.00 for the patent, which is the largest sum ever paid for patent rights on any Rose. From his observations of this wonderful variety, he felt it was worth it—we feel certain you will also agree it was worth it when you plant and enjoy this unusual Thornless Red Hybrid Tea Rose.

The plants we offer are all number one, two-year, field-grown budded plants. Guaranteed to bloom the first normal blooming season after planting. Price: \$1.50 each; 3 for \$3.75. Net, no discount allowed.

The Thornless Climber (Plant Patent No. 687)

All the excellent qualities of the new THORNLESS ROSE, "FESTIVAL" described above, but in Climber form. Bright red blooms completely cover the bush in June with some repeat blooms throughout the summer under ideal conditions. Rapid, sturdy grower. Good canes and foliage but NO THORNS to scratch your hands. 2-year No. 1 plants, \$1.50 each; 3 for \$3.75, Net, no discount allowed.

All Hybrid Tea Roses
and 1 Climbing Rose

Your choice of the 2 varieties listed on this page.

CRIMSON GLORY

(Plant patent 105)

Extremely large double flowers of deep vivid crimson. Long pointed buds. Large, sturdy bushes produce an abundance of very fragrant blooms. Healthy foliage. No garden complete without this Real Rose.

Price: \$1.50 each; 3 for \$3.75.
Net, no discount.

DOUGLAS MacARTHUR

(Plant Patent No. 581)

A new Rose that requires no codling. Long, pointed buds open into large, full blooms of salmon-rose with coral undertones, with deeply rolled petals. Hardy and healthy bush. Free bloomer; delightfully fragrant.

Price: \$1.50 each; 3 for \$3.75.
Net, no discount.

Douglas
MacArthur

Blaze

BLAZE Climber

U. S. Plant Patent No. 10

This hardy, scarlet climber is a cross between Paul's Scarlet and Gruss an Teplitz. Blaze is seldom out of bloom; a generous display of bloom in June; and each succeeding year, as the plants become firmly established, the sturdy canes of "old wood" bring the everblooming characteristic to the fore. Large clusters of blazing scarlet flowers.

Price: \$1.50 each; 3 for \$3.75. Net, no discount allowed.

The Only
THORNLESS
RED
Hybrid
Tea Rose

PEACE Tea Rose

U. S. Plant Patent No. 591

Winner in All-American Rose Selection for 1946. Highest scoring Rose throughout the entire history of All-America Rose Trials. The shades and color of Peace vary amazingly with climate, soil and season. The buds are golden yellow, each petal edged with pink; its an enchanting thing to watch the buds open and the gold changes to ivory or alabaster white while the pink blush spreads and deepens along the edge of every petal. The blooms are unusually large, very double, long-lasting and constantly fresh looking, with a haunting fragrance. Sturdy bushes with excellent disease-resistant foliage; very vigorous grower, strong, stiff flower stems. Price: \$2.00 each; 3 for \$5.00. Net, no discount allowed.

Peace

American Wonder Lemon

AMERICAN WONDER LEMON (Grows Lemons Indoors on Small Plants). Sometimes offered as Ponderosa Lemon. The most unique plants ever offered for indoor culture. Covered with waxy white flowers several times each year, nearly as large as Tuberose and as fragrant as Orange Blossoms. Flowers are followed by large lemons of high quality. Fruit often weighs more than a pound. **Strong plants from 2 1/4-inch pots, 55¢ each; 2 for \$1.00. 4-inch pots, \$1.50 each; 2 for \$2.75. Net, no further discount.**

New Dwarf Orange

NEW DWARF ORANGE (Otaheite Orange). A grand pot plant of great beauty and novelty. Its glossy green leaves, fragrant waxy white, faintly tinted with pink, blossoms create a most pleasing sight. Although it attains a height of 3 to 4 feet, it is not uncommon to have 6-inch plants full of bloom and producing a few oranges. Fruit is about one-fourth the size of an ordinary orange. A 5-inch pot has been known to carry 10 to 12 oranges at one time. **Strong plants from 2 1/4-inch pots, 55¢ each; 2 for \$1.00. 4-inch pots, \$1.50 each; 2 for \$2.75. Net, no further discount.**

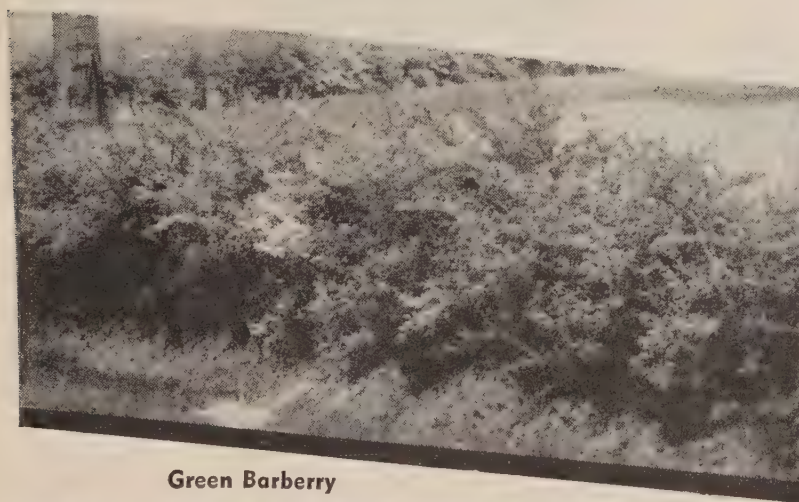

The Rose Gardenia

THE ROSE GARDENIA (Gardenia Veitchi). The Gardenia is the most popular and fashionable flower—the flower of romance! It makes a grand house plant. Blooms from early spring until fall. Flowers are waxy white; foliage rich glaucous green. Plants prefer living room temperatures. Culture same as Geraniums. **Price: Strong plants, from 2 1/4-in. pots, 65¢ each; 2 for \$1.20. 3-in. pots, \$1.15 each; 2 for \$2.00. Net, no further discount.**

Green Barberry

Amoor River Privet

HEDGE PLANTS

GREEN BARBERRY (Berberis Thunbergi). Immune from rust. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. As a filler edging for shrubbery, as foundation screen in front of porches, as a hardy, low hedge, it is unsurpassed. **Price: 1-year hedging, 6 for 90c; 12 for \$1.25; 25 for \$2.50; 50 for \$4.50; 100 for \$8.00; 2-yr., 9-12 inch, 6 for \$1.50; 12 for \$2.25; 25 for \$3.95; 50 for \$7.00; 100 for \$12.00. 2-Yr., 12-15 in., 35c each; 6 for \$1.95; 12 for \$3.60; 25 for \$6.75; 50 for \$11.00; 100 for \$20.00.**

RED BARBERRY. Similar to Green Barberry in all respects except color is a brilliant red. Early spring, assumes a deep, bronzy-red color, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. **Price: 1-year hedging, 6 for \$1.50; 12 for \$2.25; 25 for \$3.95; 50 for \$7.00; 100 for \$12.00; 2-yr., 9-12 inch, 30c each; 6 for \$1.65; 12 for \$3.00; 25 for \$5.50; 50 for \$9.00; 100 for \$17.00. 2-Yr., 12-15 inch, 45c each; 6 for \$2.50; 12 for \$4.50; 25 for \$7.50; 50 for \$14.00.**

CHINESE ELM. Chinese Elm makes one of the finest of hedges. Especially desirable for states of light rainfall and where extreme hardiness is required. The hedge, limbs clear to the ground, is a bright rich green from very early in the spring, as it is much earlier than other hedges and carries the foliage, which colors with frost, way into the fall. Trim same as Privet or other similar hedges. **2-Year, 2-3 ft., 6 for 60c; 12 for \$1.10; 25 for \$2.00; 50 for \$3.65; 100 for \$6.00.**

AMOO RIVER NORTH PRIVET. One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well-known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage, nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold, exposed locations. When planting, cut back to 4 inches above ground to make hedge bushy at bottom. **Price: 2-year, 12-15 inch, 6 for 90c; 12 for \$1.35; 25 for \$2.50; 50 for \$4.50; 100 for \$8.00; 2-year, 18-24 inch, 6 for \$1.50; 12 for \$2.25; 25 for \$3.95; 50 for \$7.00; 100 for \$11.50. 2-3 ft., 6 for \$1.80; 12 for \$3.00; 25 for \$4.75; 50 for \$8.50; 100 for \$15.00.**

RUSSIAN MULBERRY. Hardy in all states—never winter-kills. Superior to other kinds, as it makes a dense hedge from the ground up. Unlike most other hedge varieties as to growth and shape of leaves; very attractive hedge, altogether different than old common varieties. Cannot be surpassed for tall hedge to hide unsightly views. **Price: 2-year, 18-24 inch, 6 for \$1.00; 12 for \$1.75; 25 for \$2.75; 50 for \$4.95; 100 for \$8.00.**

Hardy Field Grown Hybrid Tea Roses

Prices: All Varieties of Roses Listed on this page, all 2-Year bushes, 70c each; 3 for \$1.95; 6 for \$3.60. Not prepaid.

Ami Quinard. Deep velvety crimson, fragrant and very lasting. Long, pointed buds.

Betty Uprichard. Carmine and coppery-orange outside, inside salmon-pink.

Briarcliff. Perfect flowers of clear rose-pink; sweetly scented.

Caledonia. Long, ivory-white buds, opening into large double blooms of pure white. Constant bloomer.

Condesa de Sastago. Double flowers of coppery red and yellow; rich raspberry perfume.

Duquesa de Penaranda. Copper-apricot in summer, cinnamon-peach in fall. Fragrant.

Edith Nellie Perkins. Delightful blend of pink, salmon and gold.

Editor McFarland. Perfectly formed flowers of clear, brilliant pink. Very fragrant.

E. G. Hill. Double, high-centered flower of dazzling scarlet; long buds.

Etoile de Hollande. Large, velvety crimson flowers. Long stems. Richly perfumed.

Frau Karl Druschki. (Perpetual) Pure white; perfect in form. Free flowering.

Golden Charm. Long buds open into richly scented blooms of golden yellow.

Golden Ophelia. Gorgeous blooms of golden-yellow. Fragrant and free flowering.

Grenoble. Glowing scarlet-crimson blooms on unusually long stems.

Hinrich Gaede. High-centered, double flowers of vermillion shaded with yellow. Rich fruity fragrance.

K. A. Victoria. Large, double, very fragrant white flowers; long, stiff stems.

Lady Hillingdon. Well-formed flowers of apricot-yellow. Strong grower.

Los Angeles. A high centered rose of two-toned pink.

Mme. Joseph Perraud. Pointed nasturtium-orange buds open to nasturtium-buff, straying to lovely shade of shell-pink at the petal edge. Sweetly perfumed.

Paul Neyron. (Perpetual). Largest rose in cultivation. Bright cerise-red.

Pres. Hoover. Multi-colored. Large flowers of scarlet, yellow, cerise, pink and flame.

Radiance, Pink. Large, globular flowers of carmine-rose with shades of opal and copper.

Radiance, Red. Large, globular flower of an even, clear red.

Radiance, Salmon. A clear, light salmon.

Soeur Therese. Chrome-yellow pointed buds, heavily marked with carmine, open to a rich daffodil-yellow. Sweetbriar fragrance.

Sunburst. A Pernet introduction. Gorgeous blooms of yellow and orange blend.

The Doctor. Long-pointed buds of sparkling pink, open to large flowers 5 to 6 inches across, of satiny, silvery pink.

Yellow Condesa. Buttercup yellow. This fragrant rose will be a joy to even the amateur gardener.

ACKERMAN NURSERIES

Climbing Roses

AMERICAN BEAUTY. This climbing variety has delightful, well-formed blooms of rosy carmine. Splendid foliage. Very fragrant. **Strong, 2-year, field-grown bushes, 70c each; 3 for \$1.95.**

MME. GREGOIRE STAECHELIN. (Spanish Beauty). Charming, climber. Long-pointed buds flashing carmine opening into flowers of delicate pink. Long stems for cutting. Foliage disease resistant. **Strong, 2-year, field-grown bushes, 70c each; 3 for \$1.95.**

Climbing Talisman

MRS. P. S. DUPONT. Charming, yellow climber. Long-pointed buds of reddish gold, opening to a semi-double, cupped fragrant flower of deep golden yellow. Fine foliage. **Strong, 2-year, field-grown bushes, 75c each; 3 for \$2.10.**

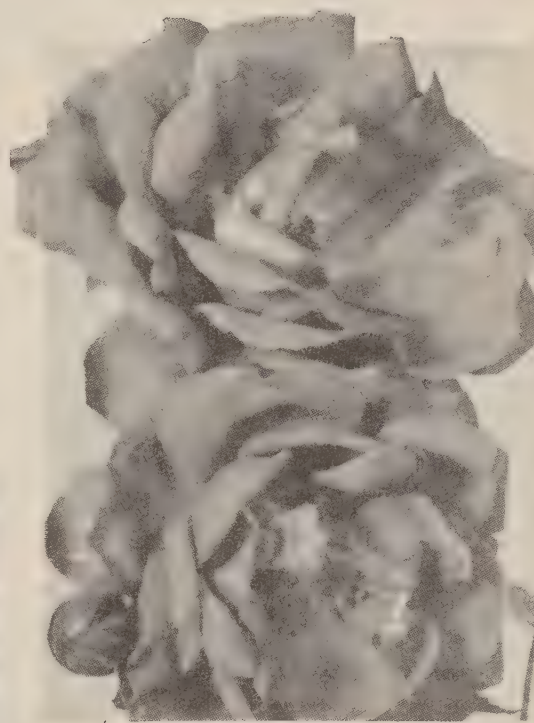

PAUL'S SCARLET. The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters, on much branched canes. Blooms very long, holding flowers after many June bloomers have dropped their petals. **Strong, 2-year, field-grown bushes, 70c each; 3 for \$1.95.**

CLIMBING RED RADIANCE. This very popular red rose (see page 40 for description) is now offered in a climber. **Strong, 2-year, field-grown bushes, 75c each; 3 for \$2.10.**

CLIMBING TALISMAN. No doubt the bush Talisman has attained the greatest popularity of any Hybrid Tea, and now this amazingly beautiful rose comes as a climber. Beautiful two-toned shades of yellow and red. **Strong, 2-year, field-grown bushes, 70c each; 3 for \$1.95.**

Everblooming Baby Polyanthas

These are especially fine for solid beds and for borders. Ideal for cemetery planting because they are so easy to grow and bloom so freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care.

We are offering five varieties—five different colors, as follows:

EDITH CAVELL. Double flowers of the deepest blood-red. Grows 24 inches tall.

GOLDEN SALMON. Large clusters of bright salmon-orange. Grows 20 inches tall.

ORLEANS. Dwarf variety with double blooms of rich pink.

KATHERINE ZEIMET. White; sweetly scented. Grows 24 inches tall.

PRICES: Any of the above 4 varieties, 70c each; 3 for \$1.95.

FLORADORA. (Floribunda Rose). Brilliant cinnabar-red, touched with scarlet and geranium. Prolific and continuous bloomer, with best bloom in early June and late fall. Bush, 2½ to 3 ft. tall. Price: \$1.00 each; 3 for \$2.75.

Floradora

Four of the Best **HYBRID TEA ROSES**

POINSETTIA. A rose of true poinsettia color; indeed one of the most brilliant red Roses ever produced. The buds are ideal in form, long and pointed, which open to a full petaled Rose. Bush is sturdy and hardy and a good grower. This Rose was awarded a Certificate of Merit by the American Rose Society. **Price 80c each; 3 for \$2.25.**

PICTURE. Flowers are very double, and open to velvety clear-rose pink with undertones of salmon. Strong and vigorous grower. A delightful addition to your Rose Garden. **Price 80c each; 3 for \$2.25.**

MME. JULES BOUCHE. Long, shapely buds open to delightfully scented, cream-white flowers with a slight lemon tint in the center. Very double flowers on plants of medium height. Disease-resistant, vigorous grower, and a good bloomer. **Price 80c each; 3 for \$2.25.**

TALISMAN. Its brilliant, orange-red buds open to large, fragrant, high-pointed blooms of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink, or old rose, and unlike most Roses, the color becomes brighter as the flowers develop. Plants are vigorous, healthy and hardy growers. **Price: 75c each; 3 for \$2.10; 6 for \$3.85.**

BARGAIN NO. 45

4 Hybrid Tea Rose Bushes

One each, 4 varieties listed on this page.

PINK CALLA. One of the most exquisite flowering plants. Will grow and bloom freely in pots. Beautiful bright pink; sweet scented. Blooming size bulbs, 85c each; 3 for \$2.40.

YELLOW CALLA. Beautiful pure golden yellow flowers. 4 to 5 inches broad. Leaves attractively marked with white spots. Blooming size bulbs, 40c each; 3 for \$1.00.

WHITE CALLA. The white Calla is truly one of the loveliest garden bulbs. Leaves are mottled green and white. Blooming size bulbs, 40c each; 3 for \$1.00.

REGAL LILY

Tall spikes of white flowers, slightly suffused with pink, with a beautiful glow of canary-yellow at center. Starts blooming end of June. Blooming size bulbs, 35c each; 3 for 90c; 12 for \$3.00.

Summer Flowering Hyacinths

(Galtonia-Hyacinthus Candicans). Plant in Spring—Bloom all Summer. A pure white, summer flowering Hyacinth. 20 to 30 bell-shaped flowers on huge 3 to 5 ft. stems. Plant in small groups or here and there in perennial beds. They bloom freely and will grow in all kinds of soil. Plant 4 inches deep. Culture same as Gladioli. Price: Blooming size bulbs, 3 for 20c; 6 for 35c; 12 for 60c; 25 for \$1.00.

RANUNCULUS

(Large-Flowered Hybrids.)

A very popular cut-flower. This is by far the largest and finest strain of Large-Flowered Hybrids. The flowers are double and a blending of semi-double and single blooms. Blooms often measure 2 inches across, and range in color through all shades of red, rose, salmon, orange, yellow, etc. Culture is identical with that of the Gladiolus bulb. Can be planted outside after the ground thaws, or grown indoors in pots. No particular color guaranteed. Price: Blooming size bulbs, 6 for 45c; 12 for 80c; 25 for \$1.50.

BEGONIAS

(Tuberous-rooted, Dbl. Camellia—Flowering type). No flower grown can equal these for sheer exquisite beauty. They are widely used for pot plants for winter blooming and also for summer beds outdoors. These come in many shades and colors, but no particular color can be guaranteed. Grow 8 to 12 inches tall. When grown outside, take up before cold weather. Price: 30c each; 5 for \$1.25; 10 for \$2.00.

SHAMROCK

Brilliant pink flowers on 8- to 10-inch stems from early spring until frost. Rich green Shamrock foliage, which is shaded maroon in the center; usually has 4 leaves like the lucky-clover. Plant about 5 inches deep after ground warms up and take them up in the fall after frost has killed the tops. Excellent for borders, bedding, rockeries, etc. Price: 20 for 40c; 50 for 85c; 100 for \$1.50.

new RED LEAF PEACH

The Sensational New Ornamental

Something entirely new in an ornamental! Many ornamental trees have been offered with colored foliage, but never an ornamental peach tree with **RED FOLIAGE**—bright red early in the spring, gradually dulling to a deep maroon towards fall. Its deep rose blossoms against the red foliage creates a most pleasing contrast with your other plantings.

These trees produce a full crop of perfectly round, inch and a half diameter peaches—just the size for pickling. Fruit has an all-over red coloring, flesh is white with a delicious sweet flavor. Ripens with the Gold Drop—real late.

Plant this two-purpose tree this spring and be the envy of your neighbors. A grand ornamental which also produces a full crop of edible peaches.

PRICE: 1-Yr., 3½-4½ ft. trees, \$1.50 each; 2 for \$2.50.

Ackerman's 5-N-1 APPLE TREES

Five Kinds of Apples on One Tree
Ideal for Home Gardens

*A Whole Orchard
at Your Own Doorstep*

The only Apple tree for the small home owner. No yard too small; can be planted in the front yard as well as the back. Will furnish plenty of shade, be highly ornamental, and also will produce a bountiful supply of five different kinds of Apples. The varieties are: Red Delicious, Yellow Delicious, Anoka, Jonathan and Stayman's Winesap. These are five of the best standard varieties of Apples—practically covering the entire season. An outstanding novelty in your community.

PRICE: 3-Yr., branched, 9-11/16 in., 4-5 ft. trees, \$1.65 each; 2 for \$3.00; 4-Yr., Extra heavy, 5-6 ft. trees, \$2.65 each; 2 for \$5.00. **NOTE:** The 4-Yr. trees cannot be shipped by mail—express only.

HARDY NUT TREES

AMERICAN FILBERT (Hazel Nut). The family favorite, having attractive bush, yielding abundant crops of tasty, round nuts. 2-Yr., 2-3 ft. trees, 80c each; 3 for \$2.25.

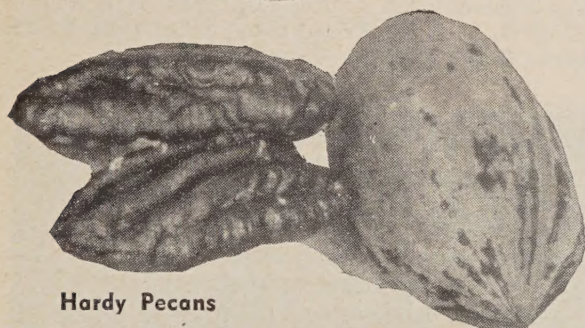

BUTTERNUT. Native tree, producing long, large nut. Has a sweet, oily, nutritious kernel. 2-Yr., 2-3 ft. trees, 40c each; 3 for \$1.00.

CHINESE CHESTNUT. Distinct from other chestnuts; dwarf grower, productive usually when two or three years old. Nuts of immense size, larger than American Chestnut, and equally sweet and good. Fine, 2-ft. trees, \$2.25 each; 2 for \$4.00.

BLACK WALNUT. The common Black Walnut is very productive in nuts which are liked by many. A valuable tree for its lumber. Fine, 2-3 ft. trees, 40c each; 3 for \$1.10; 10 for \$3.00.

Butternut

Hardy Pecans

HARDY PECANS. Of all the varieties of the luscious and valuable nut family, the Pecan stands at the head of the list. Hardy and strong grower; nuts of good size and well filled. Fine, 2-3 ft. trees, \$1.35 each; 3 for \$3.75. 12-15 in. trees, 90c each; 2 for \$1.50.

JAPANESE WALNUT. Handsome ornamental shade tree; grows very rapidly; has large lustrous leaves and bears heavy crops of nuts resembling butternuts, but the kernels come out more readily, and more whole. Full of nuts at the age of 5 years. Very hardy; attain a height of 50 feet at maturity. Fine, 2-3 ft. trees, \$1.00 each; 2 for \$1.85.

THOMAS BLACK WALNUT. An improved Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out, and the heaviest-producing variety grown—the greatest nut tree in the country. Fast growing and bears very young—often the second or third year after planting. Nuts are delicious flavor and because they are so large and plump, come out in halves and quarters. Very hardy. Grow anywhere. Fine, 3-4 ft. trees, \$2.50 each; 2 for \$4.75.

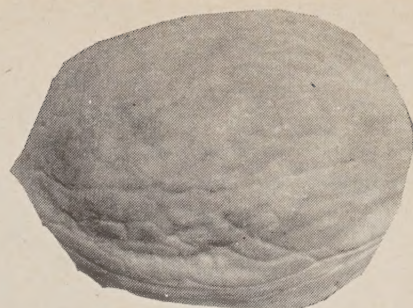

ENGLISH WALNUT. Tree valuable for its fruit and shade. The nuts are thin-shelled just like those you get from the West Coast, and can be cracked by putting two of them in the palm of your hand; nuts are filled with full-meated kernels of delicious flavor. Tree is hardy and productive. Our trees are grown from nuts selected from hardy trees in New York State. Fine, 2-3 ft. trees, \$2.50 each; 2 for \$4.50.

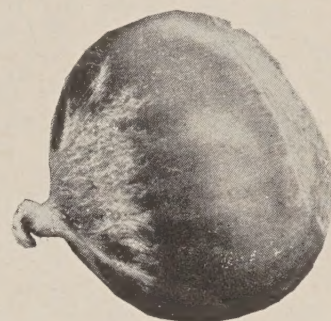

American Filberts

Black Walnut

English Walnut

Chinese Chestnut

EVERBEARING FIG

Our Dwarf Fig is particularly adapted to growing in the north as it does well in either tubs or in the open ground. The root is perfectly hardy. Should tops freeze, it can be cut to the ground, and when it begins growing again it will produce fruit on the new wood. We recommend tub culture north of Philadelphia. Plants bear the first year they are set out, and abundantly each year thereafter. The fruit is of good size, sweet and delicious, with flesh that is firm and meaty. Is an excellent fruit for making preserves, jams, canning, drying, or to eat fresh.

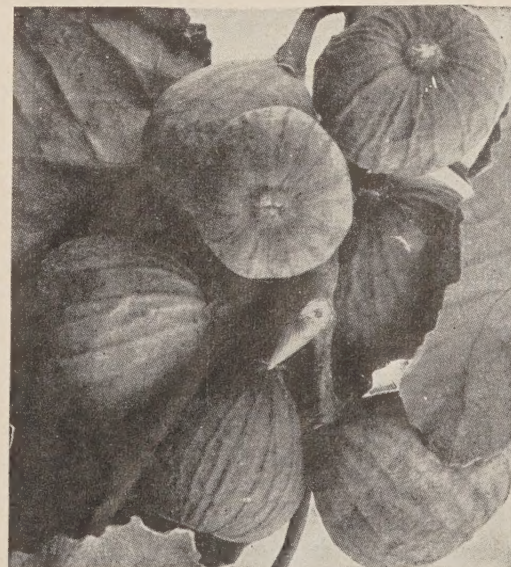

Fine, 2-3 ft. trees, 90c each; 2 for \$1.70.

HARDY CHINESE DATES (Jujube)

This variety of Hardy Chinese Date is a fruit from the high interior of China. It is quite hardy, the United States Department of Agriculture bulletins reporting that it has withstood temperatures of 22 degrees below zero without injury. It is adapted to a wide range of territory and all kinds of soil.

It blooms very late in the spring, after all danger of frost is past. The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. The chocolate-colored fruit is one to two inches long. It is delicious when eaten fresh or cured like dates, and is excellent for preserves, jams and for most tasty and palatable confections.

Price: 2-3 ft. trees, \$2.25 each; 2 for \$4.00.

Magnolia Tripetala

(Top) Mag. Soulangeana
(Bottom) Mag. Nigra

Showy - Hardy **MAGNOLIAS**

MAGNOLIA SOULANGEANA

This is the most decorative and popular of the hardy Magnolias, producing very large, rose-colored blooms, often measuring from 3 to 5 inches across, just before leaves appear in the spring. Matures to a height of 8 to 10 ft. 18-24 in. trees, \$3.25 each; 2 for \$6.00. 24-30 in. trees, \$4.25 each; 2 for \$8.00.

MAGNOLIA SOULANGEANA NIGRA

One of the hardiest and finest of all the Magnolias. Flowers are a beautiful, purple-red shade outside, while the inside is a delicate waxen white. Blooms measure from 5 to 7 inches across. Price: 18-24 in. trees, \$2.75 each; 2 for \$5.00. 24-30 in. trees, \$4.00 each; 2 for \$7.50. 12-18 in. stock, \$1.50 each; 2 for \$2.50.

MAGNOLIA TRIPETALA

Immense leaves, usually 12 to 24 inches long and from 7 to 10 inches wide. Leaves grow in clusters about the large white flowers and rose-colored cones. Matures to a height of 30 to 40 feet. Price: Fine, 2-ft. trees, \$1.25 each; 2 for \$2.25.

Pink Tree Wisteria

PINK TREE WISTERIA

Pink Tree Wisteria. A tree of sheer beauty when in full bloom—gorgeous, long clusters of pink bloom completely cover the tree in May. Slow to commence flowering but once started it blooms profusely. The trees we are offering have been grafted from blooming wood.

Purple Tree Wisteria. Gorgeous, long clusters of purple flowers hang from this dainty tree, lasting a long time. Grafted form, stays small. Blooms in May.

PRICE: Pink and Purple Tree Wisteria, 2-3 ft. trees, with stake, \$2.75 each; 2 for \$5.00.

Note: These trees should be staked the first year; therefore, we are including a stake with each tree.

DWARF RED LEAF MAPLE

Hardy, dwarf-growing tree, seldom maturing over 10 feet. Their indented leaves are vivid blood-red in spring, which dulls to bronzy purple-red or bronze-green in fall. This grafted form is unexcelled for the bright spot of color on the open lawn or mixed with other shrubs. Fine, 10-15 in. trees, \$2.25 each; 2 for \$4.00.

Judas Tree

ORNAMENTAL TREES

Cut-Leaf Weeping Birch

3-N-1 ALTHEA. 3 Colors on One Bush! Same flowers as on shrub described on page 30, but we have grafted 3 colors on one bush. Imagine a shrub with red, white and blue flowers at the same time. We know they will please you. **2-Yr., ready to bloom, 2-3 ft. trees, \$1.55 each; 2 for \$3.00.**

ASH, European Mountain. (Sorbus Aucuparia). A hardy, medium size tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. **2-Year, 3-4 ft. trees, \$1.25 each; 2 for \$2.25.**

BIRCH, American White. A large, vigorous, upright tree with broad, handsome leaves and brilliant white bark. (Note the bark of young trees has a reddish cast, which disappears within a year or two from planting.) **2-Yr., 3-4 ft. trees, \$1.00 each; 2 for \$1.75.**

BIRCH, Cut-Leaf Weeping. A tall, slender tree of vigorous growth, with graceful, drooping branches, silvery white bark and delicately cut foliage. **2-Yr., 4-5 ft. trees, \$2.75 each; 2 for \$5.00.**

CORNUS FLORIDA (White Flowering Dogwood). White flowers before leaves appear. Grayish-green foliage, turning red in fall. Tall growers. **2-Yr., 2-3 ft. trees, 90c each; 3 for \$2.50.**

POPLAR, LOMBARDY. Tall, tapering tree, rapid grower; dark green leaves with lighter surface underneath. **2-Yr., 6-8 ft. trees, \$1.10 each; 3 for \$3.00.**

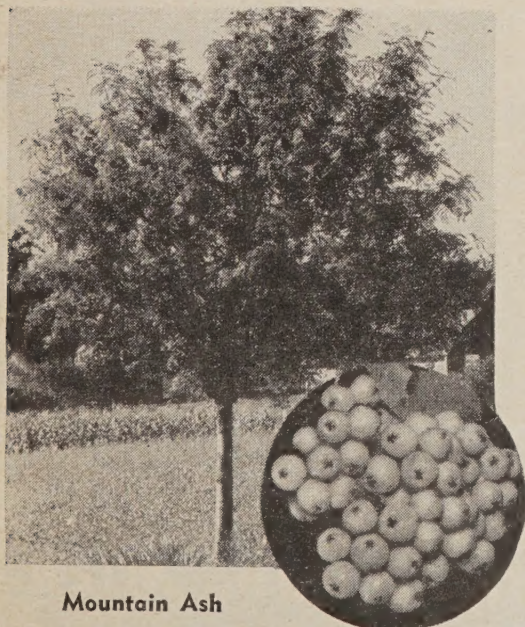

CHERRY, Kwanzan (Sacred Gate). Flowers are very full and double, deep pink or old rose, varying in tone according to weather conditions. This variety is found around the famous Tidal Basin at Washington, D. C. **Fine, 2-Yr., 3-4 ft. trees, \$1.85 each; 2 for \$3.50.**

ELM, CHINESE (Ulmus Pumila). Very rapid grower. Will give ample shade in only 5 to 6 years. Dense, dark green foliage. First to leaf out in the spring. Very hardy. **2-Yr., 4-5 ft. trees, 65c each; 3 for \$1.80. 6-8 ft. trees, \$1.15 each; 3 for \$3.25.**

JUDAS TREE. (Red Bud) (Cercis Canadensis). Beautiful bright pink blossoms in early spring before leaves appear. Medium size tree with large, irregular head and heart-shaped leaves. Very hardy. **2-Yr., 2-3 ft. trees, 50c each; 2 for 90c.**

MAPLE, SILVER. Very hardy, rapid growing tree. Their irregular growing leaves are silvery green, which turn yellow and bronze in the fall. **2-Yr., 4-5 ft. trees, 65c each; 3 for \$1.80. 6-8 ft. trees, \$1.85 each; 3 for \$5.25.**

WILLOW, WISCONSIN WEEPING. (Salix blanda). A graceful tree of large size. Its long, fine leaves on slender branches are a fresh, bright green tint. Rapid grower. **2-Yr., 5-6 ft. trees, 50c each; 3 for \$1.35.**

Crimson King MAPLE

The Red Norway Maple
(*Acer platanoides schwedleri nigra*)
Patent No. 735

A REAL NOVELTY

This unusual tree is a beautiful form of Schwedler Maple, which was originated in Europe. It is a brilliant crimson, which color it retains all through the summer months, whereas the Schwedler does not. It has been under observation in America for eleven years and has kept its brilliant coloring all through the entire season both in the East and on the Pacific Coast. One of the most outstanding ornamental trees ever produced! Every home has a spot for one or more of these trees—it will increase the value of your home considerably. Tall grower.

Price: 2-Yr., 4-5 ft. trees, \$3.50 each; 2 for \$6.00. Net, no discount.

BARGAIN NO. 52

- 1 *Cornus Florida Rubra*, 2-3 ft.
- 1 *Prunus Triloba*, 3-4 ft.
- 1 Bechtel's Dbl. Flw. Crab, 2-3 ft.

CORNUS FLORIDA RUBRA

(Red Flowering Dogwood)

Early in the spring the tree is covered with masses of large, rose-red blooms. Tree is a symmetrically spreading tree, and attains a height of 20 feet at maturity. Beautiful green foliage which turns to a rich bronze-red in the fall. PRICE: 2-3 ft. trees, \$2.50 each; 2 for \$4.75.

PRUNUS TRILOBA

(The Double-Flowering Plum)

The flowers on this small-growing tree are like the Flowering Almond, double, roselike, and hugging the naked branchlets so closely and so profusely it is impossible to see the branches; blooms are a bright shade of pink. The leaves appear after the bloom and seem to be three-lobed. Hardy and seldom grows taller than 8 feet. A worthy tree for specimen planting or in your shrub border. Strong, 2-Yr., 3-4 ft. trees, \$1.00 each; 2 for \$1.75. Heavy, 4-5 ft. trees, \$1.45 each; 2 for \$2.50.

PRUNUS CISTENA

(The Purple-Leaf Plum)

Shows more red in colored leaves, lower growth and more compact than the common variety, glossier leaves. The dwarf tree comes out red in the spring, stays red all summer and bronze-red in the fall. Beautiful, single, pink flowers in May. 2-Yr., heavy, 2-3 ft. trees, 60c each; 2 for \$1.00.

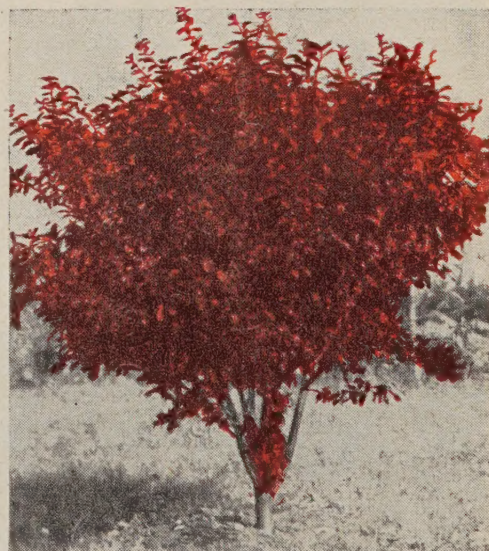

BECHTEL'S DBL. FLOWERING CRAB

Truly a Rose in Disguise!

The only genuine Double-Flowered Crab. Makes a medium-sized tree; perfectly hardy. When in bloom, is covered with delicate pink, perfectly double, small, rose-like flowers of delicious fragrance. Blooms very young. 2-Yr., 2-3 ft., branched trees, \$1.25 each; 2 for \$2.25.
